Bandits Rob Two Taverns in Area; Loot Totals \$220

2 Teenagers Get \$150 In GC; Gunman Hits Madison Place for \$71

Two teenagers were staged this week at taverns in the Quad-Cities, with a lone gunman getting \$71 at the Fourth Street Tavern, 1445 Fourth street, Madison, Monday night, and two armed teenagers, wearing white socks, hitting The Spot tavern, 18th street and Delmar avenue, for \$150 Tuesday evening.

Effie Knight, barmaid at the Madison tavern, told police she was alone about 10:45 p.m. Monday when she noticed a man walk up to the front door, peer inside and then enter.

As the man approached the bar, he took a small gun from his pocket and addressed her to "take it easy."

Gun Goes Off

The gunman leaned over the bar and reached into the cash register, taking only the cash. The gun went off, apparently accidentally, when the bandit took the money from the register.

Calmly, the man walked out of the tavern and went west on Fourth street.

Police said they were unable to find a bullet or a shell casing in the tavern.

The bandit was described as about 35 to 40 years old, five feet, seven inches tall and slender. He was wearing a shabby brown sport coat and a hat with a small brim.

Armed Bandit Pair

At The Spot tavern, it was about 8:30 p.m. when the two bandits entered through the side door, both armed with blue steel revolvers.

One was wearing a handkerchief mask over his face and announced to the proprietress, Mrs. Viola Bark, and a lone customer at the bar, "This is a holdup."

While his companion stood by waving his gun, the masked bandit walked behind the bar to the cash register and took about \$150 in currency and coins.

He was described as being about 19 years old, five feet, 11 inches tall and weighing 155 pounds. He was wearing a black, all-weather coat, black socks, white socks and glasses with dark rims.

The other gunman also was about 19. He was shorter and was about five feet, seven inches tall, weighing about 140 pounds. He was wearing a tan, all-weather coat, black socks and white socks.

After emptying the cash register, the pair fled through the side door on 18th street.

Reports \$200 Theft

Henry Stubbelfield, Shipman, 11, told Venice police Tuesday that he was robbed of \$260

Snow Shovel, 11, Robbed of Dollar

An 11-year-old boy who earned a dollar shovel-ing snow with a snowblower and robbed of the dollar Tuesday afternoon by two boys who were wearing stocking caps.

The victim, Ralph Jensen, 2321 Cardinal court, told police he was in the vicinity of Wilson school in Glenview when accosted and forced to turn over the money.

The youth was unable to give any further descriptions, other than to say his assailants were about 12 years old.

Boy, 16, Admits 21 Car Thefts

A teenage car thief who this week admitted taking "at least 21 cars—and maybe more" for joyrides was taken out of circulation and is in the hands of a county juvenile authorities, Granite City Police Chief Veizer said Wednesday.

The 16-year-old, against whom no charges were filed because of his age, committed the thefts between last August and this month. Police were alerted to his activities last week when called to investigate boys in the vicinity of parked cars on the Prather junior high school lot.

"We found a car there that had been reported stolen from a car each time—1963 to 1965 models—and usually returned them to the vicinity of the original parking place. In several instances, the owners didn't even know the cars had been moved."

"He told us he operated alone and rarely left the city."

Last month, 25 auto thefts were reported in Granite City, and in January, the total was 28.

18 Undergo Surgery At Local Hospital

Eighteen persons have undergone surgery at St. Elizabeth Hospital this week. They are Mary Smith, Bellevue, 47; M. J. St. John, 41, Kilmaree avenue; W. J. Mance, 1422, Grand avenue; Gerald Schreiner, 2945, St. Louis street; Robert Douglas, 1617, Pontoon road; Esther Ybarra, 2607, Maple street; Edward E. Nichols Jr., 1014, W. 17th street; Margaret Range, Highland; Gertrude Peters, 209 Paradise lane.

Francis Sherman, 4044 Madison avenue; Mike Novack, 2236 East 24th street; James H. Dix, 173 Big Four place; Gilbert Watkins, 2803 Palmer avenue; Benjamin Schneider, 2105 Cleveland blvd.; Donna Brown, Collinsville; Louis Martin, 1054 West 26th street; Marietta Crews, 2008a Bryan avenue; Douglas Barton, 2332 Orville avenue.

TRAFFIC FATALITY

Plans to launch fundraising activities for major improvements to the block occupied by the Madison recreation center, Seventh street and Lee avenue, were made at a kickoff meeting Monday night at the center.

Thirty-two representatives of Madison organizations attended and voiced support of the proposal. They were asked to aid in raising the necessary financing.

Tentative architectural plans call for construction of volleyball, tennis, badminton, basketball, horseshoe and shuffleboard courts.

Tax Exemption on Gifts

It was announced that the Central-Southern Illinois District of the Internal Revenue Service has indicated approval

of tax-exempt status for gifts to the recreation project. In obtaining the exemption, sponsors will pledge that any excess proceeds will be used for public purposes.

The discussion brought out widespread interest in dedicating the outdoor facilities to Korea and Vietnam war dead and veterans. The recreation building is a memorial to Madison's role in world war II.

Harvey Miller, Madison Rotary president, opened the meeting by having those present introduce themselves. Frank Tranguis, general chairman of the project, outlined the plans that have been made and a question-and-answer period followed.

SPRING A WEEK AWAY? —Tuesday's six-inch snow of the heavy, wet variety made this forgotten bicycle look like a confectioner's delight.

State Snow Plow on Rte. 111 Flips Auto, Injures Driver

A snow removal vehicle operating on Interstate 270 near the junction of Highway 111 cleared more than the roadway at 11:45 a.m. Tuesday, when its forward blade caught the passing car of Salvation Army Capt. Harold F. Thomas, 34, of 2540 Delmar avenue, and lifted the compact model four or five feet into the air.

Luckily, Capt. Thomas and his five-year-old daughter, Cheryl, were fastened seat

belts, which prevented possible serious injury. However, the local Salvation Army officer who struck his head on the inside car roof was treated in St. Elizabeth Hospital emergency room for scalp contusions and underwent x-rays of the skull and spine. Cheryl, who remained secured to the car seat, was unhurt. Both were released.

Driver of the Illinois Highway Department truck, Charles A. Johnson, 47, of 1220 Lindell blvd., told Illinois state police, just as Capt. Thomas', west-bound auto overtook the snow clearance truck, the larger vehicle struck an object on the roadway causing the plowing blade to flip forward and the truck jump slightly to the right side, catching the passing car.

Neither Johnson, nor a passenger, James Costello, 19, of Madison, were injured in the freak accident. Damage to the Thomas auto was considerable, including a broken axle and crushed fender and wheel.

Snowplow Auto Crash Injures Two Persons

A state highway department snowplow truck clearing Pontoon road, east of the city limits, apparently struck a patch of ice which caused the vehicle to trip and lurch into the side of an auto operated by Mrs. Barbara Stairs, 2122 D a n place.

Treated at St. Elizabeth Hospital at 7 p.m. the same day, Mrs. Stairs complained of back pain and underwent x-rays. Also treated was her daughter, Debra Cruise, 13, a passenger in the car, who had rib x-rays taken. Both were released.

A spokesman for the state highway department said today only minor damage was reported to the Stairs auto.

Ice Rink to Stay Open Until March 31

Weather permitting, the ice skating rink at Wilson Park will remain open through March 31, it was announced today by Park Board President Barry Loman.

Tarpaulins have been placed at either end of the rink to keep warm winds from melting the ice, and skaters were able to hold the ice during two 70-degree days last week, Loman noted.

Sale of books of skating tickets will end for the season on Sunday, March 17.

Groups represented included Venice-Madison American Legion Post 307, Madison Amvets Post 204, Madison Civil Defense, Madison Auxiliary Police, Madison Lions, Unihai Boy Scouts, Madison Economic Opportunity Commission, Madison Junior League, Madison School Mothers club, Madison Band Parents, National Association for the Advancement of Color People, Illinois Power Co. and Johns-Manville Corp.

Churches sending representatives included the Polish American Catholic Church, Madison Presbyterian Church, Southern Baptist Church and St. Mary's Holy Name Society and Boosters.

Next meeting was planned in three weeks.

Six-Inch Snow Hits, Cripples Local Area

Traffic Snarled, Two Schools Shut Tuesday; Drifts Cause Problems

Light snow was predicted, but not many Quad-Cityans were prepared Tuesday morning when they awakened to find about four inches on the ground and near-blizzard conditions. Hundreds were late for work or school, and several hundred others didn't make it.

Late Monday night there were flashes of lightning and thunder with light showers, but a brisk wind came up to blow in the snow and the damage started about 2 a.m. when patrolling policemen noticed power lines down and tree branches breaking off the wet snow.

With the continuing snow Tuesday morning, the accumulation measured up to six inches, and winds gusted at up to 50 mph caused drifts of three feet or more.

School Attendance Off

While attendance at area schools was down as much as 40% at Stalling elementary, only two were closed Tuesday. St. Elizabeth's parochial school closed because of weather conditions and Washington grade school in West Granite closed because of difficulties.

All three local school districts reported buses were late, except those operating in the rural areas where there were drifts. The buses did not operate Wednesday on the Genoa road, Arlington Heights, Sand Prairie and Chouteau Island routes.

State police said there were heavy drifts along Route Three outside Granite City, and stalled vehicles snarled traffic during the morning rush hour on the road.

At scattered intersections, street department crews operated graders and chippers to facilitate the traffic flow.

Only minor accidents were reported.

Power Lines Down

Six to eight primary lines of Illinois Power Co. were downed by the heavy snow, strong winds and falling ice.

Venice Park Board Meets in New Unit

The Venice park board held its first meeting in its new office building on Broadway Tuesday night, but Marion Groshong, park superintendent, said the building will not be completed for public use until mid-May. Finishing touches will be put on the new building which also houses a Community meeting hall.

Discussion of tax objections for the 1966 year filed against the park district tax by Union Electric and rail lines operating in the district was held during the meeting by Harry Hartman, park district attorney.

Hartman said tax objections filed by the Venice park district against the 1966 tax revenue have been filed. Bulk of the taxes involved are in the recreational fund. Venice has total tax revenue ranging from \$60,000 to \$85,000.

A. O. Smith Says Change in Plant Status Possible

Representatives of A. O. Smith Corp. and Boilermakers Union Local 575 were to resume contract talks in the federal mediation office at St. Louis Tuesday.

The company is considering a permanent shutdown of the auto frame plant.

Negotiations between the company and the union resumed at noon Tuesday in the first meeting since the union rejected a complete contract proposal by the company.

At that time the company said it had no plans for further negotiations.

Tuesday's meeting, arranged by the U. S. Conciliation and Mediation Service, St. Louis, continued from noon until 3:30 p.m. Talks began again at 2 p.m. yesterday and lasted until nearly midnight. Today's meeting was scheduled to begin at 2 p.m.

Company officials declined comment on a widely-circulated report that a board of directors meeting of A. O. Smith Corp. is scheduled March 25 for a certification review of the plant's operations in this area, with a view toward shutting down the plant permanently. The report said the outcome of current negotiations would be a factor in the decision.

Paul Kemp, local plant manager, said only that "there is a possibility of a change in the status of the plant, but no definite decisions have been made."

Kemp said he had no comment on the reported March 25 meeting of the board of directors.

The plant, which manufactures auto frames for General Motors, has been in operation here 13 years.

Approximately 1,200 boiler-makers employed at the plant have been on strike since Jan. 1 when the old contract expired. The strike went into its 74th day today.

Progress toward settlement of the issue of seniority in job placement, a major stumbling block in reaching agreement on the new contract, was made.

3 Oppose Levee Incumbents in Demo Primary

Contest Grows Out of Lee-Mudge Fight for Election as Delegates

A spirited Democratic primary election battle for the two Madison county memberships on the East Side Levee and Sanitary district board was shaping up in the Quad City area today after three candidates entered the race to oppose incumbent board members seeking re-election.

New entries in the levee board contest, all of whom filed nominating petitions with the county clerk's office just before last Monday's 5 p.m. filing deadline, include Paul Zupan, 1719 Carleton avenue; Robert T. Byrne, 2312 St. Clair avenue; and Louis Pastawko, 1908 Grand avenue.

The filing period ended with two other races on the Democratic ballot at the county level: the 30-man race for the state's attorney general and a three-way contest for the post of coroner. A full ticket of Republican candidates submitted petitions, but there were no contests for any of the offices subject to election this year.

Only two candidates in the state representative race increased to eight with the filing of nominating petitions by two additional candidates just before the filing deadline at 5 p.m. Monday. The open race for the representative spots results from announcement earlier this year by veteran State Rep. Lloyd "Curly" Harris that he would not seek re-election this year.

An incumbent Rep. Leland J. Kennedy of Alton heads the Democratic ballot listings of representative candidates for the 55th District which comprises parts of Madison County, Granite City, Alton, Chouteau, Venice, Alton, Collinsville and Wood River townships of Madison county.

The number of representative posts open to election is designated prior to each primary election by the representative committee of each party on the basis of the votes cast in previous elections. This year, the winners in the 55th District was for two Democratic and one Republican representatives, the same as in past years.

Run Without Opposition

Under this system, voters ballot in the primary only on the number of legislators specified. The winners in the primary therefore run without opposition in the November general election.

Consequently, incumbent Republican State Rep. Ralph T. Smith of Alton already is elected without opposition. Smith, Speaker of the Illinois House, was the only GOP candidate to file.

The last two candidates to file nominating petitions in the Democratic race Monday were David P. Crivello, 2436 Henderson avenue, Alton, and Sam P. Drenowatz, Rural Route One, Granite City. As a result, four of the eight candidates in the race were without opposition.

County Multiplier Set at 1; Clerk Begins Tax Work

Notice that the Illinois State Department of Revenue has established an assessment multiplier of 1.0 for the county's 1967 tax year was received shortly before noon today by Miss Eulalia Hotz, Madison county clerk.

The state certification followed an earlier prediction by County Treasurer John Maeras that the 1.0 multiplier would result from recent increases ordered by the Board of Review in the valuations of some townships.

Miss Hotz announced that her tax extension card, assuming a 1.0 multiplier would be received, already had completed determination of assessments by districts. The work of extending tax rates against these assessments was begun immediately upon receipt of the multiplier.

She said that her full force of tax department workers will start work an hour earlier, at 8 a.m. each day, by the Board of Review on Saturdays and holidays in an effort to make up at least part of the time lost as a result of the Board of Review adjustment of local assessment figures.

The review body completed its work two months behind schedule, a factor that prevented the beginning of tax extension work. Usually the Board of Review completes its work in December or early January and the county clerk begins tax extension work in late January or early February.

The state previously increased the multiplier in last year's 1.005, claiming that last year's tax assessments in the county were \$28 million off of full, fair cash value.

As a result, the county Board of Review increased the assessments by more than \$15 million. The local assessors' total of \$85 million to \$101,750,000. Board members were confident the multiplier would be 1.0.

Mrs. Hayes' Mother Buried at Mattoon

Mrs. Simon to Address Banquet Of House of Hope

Mrs. Paul Simon, wife of the Democratic candidate for lieutenant governor, will be the keynote speaker for the second annual benefit dinner for the House of Hope Sunday, March 31, it was announced today. The alcoholic rehabilitation program serving this area operates a not-for-profit residence for detoxified alcoholics.

The dinner will begin at 7 p.m. at the First Presbyterian Church in Edwardsville. Tickets are available by calling 666-8666.

The House of Hope is about four years old, and the residence at 412 East Schwarz street was acquired last year. It will have a capacity of 20 men when renovations are complete. The average population is ten.

The Ministerial Association of Edwardsville currently is raising \$25,000 in a capital fund drive for purchase and renovation of the house. Operating funds are secured from the residents as they become able to work, and from private donations.

The board of directors that controls the House of Hope consists of a non-alcoholic majority. Treasurer is Rev. William Foster, and executive director is Edward Speer, who recently replaced Myron Wood, the founder.

The house takes referrals from state hospitals, penitentiaries, judges and ministers. Its support comes mostly from tax deductible contributions from

Mr. and Mrs. James F. (Martha Jean) Hayes, 137 Fifth street, Madison, attended the funeral of the latter's mother, Mrs. Louise Baker, 68, held Monday in Mattoon.

Mrs. Baker, a resident of Mattoon, died last Thursday. Besides Mrs. Hayes, she is survived by her husband, Edward; one son, David Baker, at home; and another daughter, Mrs. Jo Ann Strohl of Indianapolis, Ind.

the immediate area, and the first benefit dinner, attended last year by 200 people, also was an important source of funds.

State Rep. Sam Vadalabene, State Rep. Ben C. Harpstrite and Cong. Melvin Price were among those who spoke, and local police departments, the judiciary and the clergy were represented.

"Alcoholism creates a direct cost to industry of \$2 1/2 billion per year in lost time, absenteeism and faulty workmanship alone," Speer said in discussing the dinner.

"Considering the added cost of insurance, sick leave and other contributing factors, alcoholism costs industry an unestimable amount of dollars and production profits. The average alcoholic has had 15 years of service to industry and has had about \$125,000 spent on his job development."

"Because of the lack of proper supportive treatment facilities, industry has been forced to deal with alcoholics by terminating their services. It is with this reconstruction and the bolstering of family life that the House of Hope deals."

"The alcoholic in the family structure creates many problems. He creates economic instability because of his need for more and more alcohol. He uses a large percentage of his paycheck for alcohol, reducing the funds available for family needs."

"His supportive role of father of the family and wage earner deteriorates. He creates a feeling of mistrust with both wife and children. This situation often ends in complete breakdown of family structure through divorce or separation, leaving the responsibility for care of the family to community, state or federal welfare agencies."

"The cost to the taxpayer of maintaining a broken family structure is about \$4000 per year per alcoholic," he reported.

Servicemen Fund Gifts Arriving

Contributions are beginning to arrive for the SOS (Support Our Servicemen) drive being held in March, Red Cross Month, it was noted at a monthly meeting of the Tri-City chapter board Tuesday at the Trust and Savings Bank. Gifts are being accepted at the chapter office, 1411 Twenty-first street.

Service to military families in February totaled \$905, including funds for servicemen on emergency and recreation leaves, basic maintenance grants and transportation expenses.

There were 184 February contacts, including 11 with Army Depot personnel. Among the duties were 116 counseling cases, 59 reports, 18 services, 16 health-welfare cases, 16 information contacts, 10 emergency leaves, six financial assistants, three government bene-

Jury Setting Moved From Court in Alton

Petit jurors assigned to the court of Judge J. H. Streeter beginning next Monday are to report to the Madison county courthouse in Edwardsville instead of Alton, they are being notified.

The first week of the two-week setting is being moved due to a federal court convening in Alton next week. Many of those in the jury group are from the Quad-Cities.

fit cases and two leave extensions.

Treasurer Carl Thornsberry reported a continuing deficit in available funds, partly due to expansion of services in line with the increased size of the armed forces.

Chapter Chairman Jack Ableson presided and Gerald Walters reviewed the current fund drive. Walters and Herbert Schermer are general chairmen of the SOS campaign.

Two County Races In Demo Primary; GOP Unopposed

Primary election contests for county offices will be limited to bids for the state's attorney and coroner nominations on the Democratic ballot, while Republicans will have free sailing without opposition to some of the five county posts subject to election in 1968.

A complete ticket of Republican candidates, all supported by the Madison County Republican Central committee, were among the last to file nominating petitions just before the 5 p.m. deadline at the county clerk's office Monday. A large number of precinct committees were developed on the Democratic ticket, but there was virtually none on the Republican ballot.

Democratic contests involve two candidates seeking nomination as state's attorney—Leon E. Fuchs, incumbent serving by appointment, and Wendell Durr, an Edwardsville attorney, and a three-way race for nomination as coroner. Seeking the coroner's post are Leonard R. Davis of Granite City, incumbent who also is serving by appointment; T. J. Burke of Alton and Dr. Edward Mulville, also of Alton.

County incumbent officeholders—all Democrats—who will be renominated without opposition in the June 11 primary, include James Chapman, recorder; Willard V. Portell, circuit clerk, and John L. Kraynak, auditor.

The one candidate for each county office on the Republican side, assuring them nomination in the primary, include: R. W. Griffith, Alton, state's attorney; David E. John, Granite City, circuit clerk; Pete E. Fuchs, Godfrey, auditor; Charles "Bill" Burns, Collinsville, recorder, and Robert G. Thomas, Granite City, coroner.

Two Republican candidates filed for two memberships on the East Side Levee and Sanitary district board of trustees. They also will be nominated without opposition. They are Andrew Jess Parks, 2536 Jerlen avenue, and Edward Werner, 2023 Madison avenue.

Withdrawal deadline is noon Saturday at the office of County Clerk Eulalia Hotz, at Edwardsville.

Sgt. Shubert Assigned Duties in Vietnam
Army Sp 4 R. V. G. Shubert, 22, son of Mr. and Mrs. R. V. Shubert, 1336 Benton street, has been assigned as a cook with the 14th Inventory Control Center in Vietnam.
His wife, Rosa, also lives in Granite City.

Relatives Seeking Herbert Lee Ramsey

Relatives are trying to locate Herbert Lee Ramsey, 30, who moved to Granite City about nine years ago and resided here at least until 1960 or 1961. Those with information may write his sister, Mrs. Patricia Hill, 2431 Mona Vista court, New Albany, Ind. 47150. His mother is in failing health.

An air press operator at a glass company, Ramsey also has experience in pipeline engineering. He married the former Carol Sue Dickerson, and her father, Willard Dickerson, last resided on Rural Route One, Edwardsville. Ramsey is six feet tall, weighs about 180 pounds and has blue eyes and brownish blond hair.

Sgt. Culpen in Colorado
Army Sgt. Dale G. Culpen, 21, son of Mrs. Vada L. Olson, 2830 East 25th street, has been assigned as a wireman with the 11th Infantry at Ft. Carson, Colorado.

tree branches. Over the period of early morning hours of the storm, between 200 and 300 homes were without power for varying lengths of time, starting about 2 a.m. Most service was restored by 9 a.m., although falling branches continued to knock out individual service lines.

Police noted power lines down at 19th street and the railroad tracks, on South street and at 1400 Edwardsville road about 2:15 a.m. Tuesday. A power pole caught fire at 2800 Roosevelt street about 2:05 a.m.

In the period 2 to 3:45 a.m., Venice police discovered primary power lines down in the alley at the rear of 440 Lincoln avenue, at Klein and Bischoff streets and in the 1200 block of Calhoun street.

The heavy, wet snow resulted in a number of cancellations throughout Tuesday, including a shutdown of all circuit court activities at Edwardsville and here.

Minor Traffic Mishaps

The first accident of the day was at 3000 Grand avenue at 7:40 a.m. Tuesday involving autos of Mrs. Esther Eggey, 2609 Center street, who was traveling north, and Victor Bogosian, 2909 Idaho avenue, who was going south. Police reported the Bogosian auto slid on the snowy pavement at the entrance to the high school.

A school bus and an auto were involved in a sliding mishap at 9:25 a.m. near Lake school at East 23rd street. Police said the bus was being operated west on East 23rd by Jerry H. Smith, 2225 Dawn place, while the auto was being driven east by Jane Sartin, 2527 Hodges avenue.

There was damage to the left rear of the bus and the left side of the auto. Both drivers said the other vehicle did the sliding. No injuries were reported.

A short time earlier at 8:50 a.m., the auto of Gerald Napier of Bethalto skidded on the snow as he made a right turn off Edwardsville road onto 26th street and knocked down an electric traffic signal.

About 2:15 p.m. a truck slid off Peeking road in the 3200 block and knocked down a school sign and struck a tree. The name of the dairy truck driver was not learned by police.

Minor Injuries
Minor injuries were suffered about 3:45 p.m. by Katherine Ellsworth, 21, of 2403 (?) Madison avenue, who was driving an auto south on Madison avenue at 23rd street and was involved in an accident. The other auto was being driven north by Jimmy Forte, 3112 Willow avenue.

Snow Drift Problems
At 6:15 p.m., Rosemary Perkins, 2407 Cardinal court, said she was making a turn on Terminal avenue and her car slid into another auto. Owner of the other car was not

named on the report.
A snow drift at the 22nd street railroad crossing was reported to police and the street department. Tuesday afternoon after an auto and a pickup truck were stalled at the tracks.

Police said both drivers were able to free their vehicles and drove off before reports could be made. The complaints were received at 2 p.m. and at 3:20 p.m.

B&PW Dinner Reservations Due

Reservations are due tomorrow for next Wednesday's "Business Associates" and "Bosses Night" dinner party, sponsored each year by the Granite City Business and Professional Women's Club.

Mrs. Catherine Michel, chairman of the 1968 dinner, today urged all B&PW members to return reservation cards by tomorrow. The affair will get under way at 6:30 p.m. Wednesday, with dinner and entertainment at the Rose Bowl restaurant.

MRS. ALAN PIERSON, the former Miss Barbara Ann Wood, daughter of Mr. and Mrs. Harry C. Wood, 2575 Waterman avenue, whose recent wedding took place at the First Baptist Church in Benton, Ill. She is a 1967 graduate of Benton high school. Mr. Pierson is employed at the Franklin Hospital. They will reside at 408 East Church street, Benton.

OBSERVING 25TH ANNIVERSARY

Mr. and Mrs. George Lindley, 27 Arlington drive, are receiving congratulations on their 25th wedding anniversary this month.

They were entertained at an open house reception, which 120 guests attended, recently in their home given by Mr. and Mrs. Adam Hornberger and Mr. and Mrs. Charles Hunsinger. All decorations were in a silver and white theme.

KU Chapter Elects Officers

Mrs. Joyce Walters, 2568 State street, entertained Chapter KU, PEO Sisterhood, Tuesday evening in her home with fourteen members attending.

Mrs. Lee Schaefer, president, presided at the business session. An election of officers was held with Mrs. Schaefer elected as president; Mrs. Bessie Coolidge, vice-president; Mrs. Frances Craddock, recording secretary; Mrs. Jo Ann Burcky, corresponding secretary; Mrs. Fay Carlisle, treasurer; Mrs. Charlotte Liernan, chaplain, and Mrs. Bette Rea, guard.

Mrs. Coolidge was appointed to serve as delegate to the state convention on May 16 to 18 at the Palmer House in Chicago.

Friends of SIU-SW Library Elect Advisory Board

Mrs. James L. Reed of Edwardsville has been elected president of the Southern Illinois University Friends of the Library advisory board. Announcement of her election was made following a recent meeting in the University Center featuring as speaker the Irish poet, Thomas Kinsella. Mrs. Ernest Karandjeff of Granite City was named to the advisory board for the Southwestern campus.

Included in Outstanding Civic Leaders of America, 1967, Mrs. Reed is vice-president of the Edwardsville League of Women Voters, president of the seven-county Illinois Library, a member of the executive board of the Illinois Library Trustees Association and Illinois representative to the St. Louis Symphony board. She just completed a three-year term on the local Chamber of Commerce board during which time she was the education committee chairman.

Mrs. Alexander MacMillan of Carbondale was elected vice-president of Friends of the Library. A former president of the Carbondale Faculty Women's Club, Mrs. MacMillan is the wife of Col. MacMillan, retired head of the ROTC program at Carbondale and currently head of the University's Transportation Institute.

Seven new members were elected to serve on the Carbondale division of the advisory board, 13 for the Southwestern campus.

New members of the Carbondale division include Charles C. Freirich, Mrs. Vernon Sternberg, R. Buckminster Fuller, Mrs. John Gilbert, Mrs. William T. Felts, Mrs. Leo J. Brown, all of Carbondale, and Mrs. A. V. Williams, Mount Vernon.

Plans also were discussed on attending the Worlds Flower Show which will be held in Chicago on March 28 to 31st.

A comprehensive study taken from the book "Herbs, How to Grow and Use Them" was presented by Mrs. W. H. Bradley. The program was given by Mrs. Jenkins.

The April meeting will be held in the home of Mrs. Louise Sedlack.

Others attending were Mrs. Elwood Ackerman, Mrs. Kenneth Brokaw, and Mrs. Robert McCauley.

'Off Season' Was a Sparkling One For GCHS Matmen; 18 Win Letters

If this was an "off season" for the Warriors wrestling team—a time for rebuilding for future years—it was not noticeable to most GCHS mat foes, who would have been happy to settle for the local team's 1967-68 record.

The scoresheet:
The Warriors set a new state record for winning the most consecutive sectional tournament titles. The squad won its 15th in a row, breaking a tie with Proviso East.

GCHS won its 11th straight district tournament at Wood River, and went into a tie with Pekin for the most consecutive district wins.

Win Conference Again
The Southwestern Conference record for the Warriors was 8-6; it was the tenth straight year they have been the conference champions.

The Warriors qualified four for the state meet at Evanston, the 30th straight year the Warriors have advanced someone to the state meet.

The Warriors held fourth place in Illinois in state tournament points over the years.
The Warriors had a dual meet record of 12-4-1.

They participated in five quad meets and one local tournament. They placed third at the Ritenour quad meet; third at Carl Sandberg; second at Northwestern; third at Hazelwood, and first in the Championship meet. The Warriors won seventh in their own Christmas tournament.

Ricky Smith registered 13 pins for the Warriors, most on the squad this year.
Two Warriors won quad meets, Paul Hoffman (154) at Sandburg and Gary Oxford (120) at Ritenour.

Oxford, Cross Captains
Oxford and Dempsey Cross were elected as co-captains of the squad. Both will graduate and not be back for next year. The election was held in early January.

Bob Miller (103) was district and sectional champion. Ron Hopper (112) was district champion and Bill Gibson (145) won the Ritenour quad meet but was injured and did not compete for the remainder of the season.

Tim Wallace (165) won the district tournament. He was injured early in the season and failed to wrestle the first month, recovering from a knee injury that he hurt again in football.

Individual Records
Final records for the Warriors are: Oxford (28 wins, six

losses and two draws for a total of 102 points), Cross (24-7-9), Smith (28-8-8), Bob Pates (19-13-7), Miller (17-6-7), Hoffman (23-4-7), Lenny Wilson (17-7-8), Ron Hopper (18-10-6), Dan James (13-6-5), Gibson (12-5-1-3).

Mike Christopher (9-7-3-6), Drew Shands (9-4-1-3), Wallace (7-4-1-2), Allen Bridgeman (7-10-2), Tom Niebur (7-8-2-2), Ed Melton (6-2-0-2), Russell Hamilton (5-9-1-9), Steve Ferguson (4-0-1-4).

Sam Nighoghossian (3-5-0-1), Fay Burcham (2-0-0-8), Bruce Cripps (2-4-0-5), John Kearby (1-3-0-5), Alex Tarpoif (1-1-0-5), Tim Schwendeman (2-3-0-2), Dave Cooper (0-7-0-2), Pat Brees (0-7-0-0), Jim McKinney (0-1-0-0), and Tim Garver (0-1-0-0).

Seniors on the team were Oxford, Hopper, Cross, Hoffman, Gibson, Hamilton, Cripps and Brees.

Letter Winners Chosen

Lettermen for the 1967-68 team were announced today by Coach Bill Schmitt. There were seven seniors, seven juniors, four sophomores and three managers on the list.

Senior lettermen are Pat Brees, Bruce Cripps, Dempsey Cross, Russell Hamilton, Paul Hoffman, Ron Hopper and Gary Oxford.

Junior lettermen are Mike Christopher, Bob Miller, Tom Niebur, Bob Pates, Drew Shands, Ricky Smith and Tim Wallace.

Warded sophomore letters are Allen Bridgeman, Frank Melhelic, Dan James and Lenny Wilson.

Warrior managers getting letters are Don Durbin, Charles Hileman and Gus Lignoull. Schmitt has been re-elected for the third straight year to the advisory wrestling committee of the Illinois High School Association.

It is regarded as an honor for anyone to be elected to the position; the voting is done by the coaches. "I broke the record last year by getting named to a second term," Schmitt noted, and a third term is an even greater achievement.

PRESS-RECORD SPORTS

Lusk All-State; Honor Simpson

Statewide balloting by sports writers this week named Gary Lusk, six-foot Madison high school senior, and Tom Parker, 6-6 Collinsville senior, to the all-state basketball team. Lusk received 11 out of a possible 16 votes and Parker polled 15.

Gary Simpson, 6-0 Granite City high school junior, was among those accorded honorable mention. Parker averaged 33 points, Lusk 31 and Simpson over 25 this season.

Two Cars Damaged

Two cars were damaged, one extensively, in a collision at 12th street and Madison avenue, in Madison, at 8:10 a.m. Wednesday, according to a report by Madison police. Officers said a car driven by John H. Ambury, 2138 Dewey avenue, was making a left turn and collided with a car driven north on Madison avenue by John H. Ambury, 2138 Dewey avenue. The Ambury car was damaged in the front end and was towed in.

Cigaret Causes \$150 Fire in Apartment

A burning cigarette in an overstuffed chair caused damage of \$150 in a fire in an unoccupied apartment in a structure owned by Arnold Ross at 2055 Cleveland blvd. at 9:15 p.m. Wednesday.

Firemen estimated the loss at \$100 to the building and \$50 to the contents. The 20-room brick structure contains six apartments.

Carlinville Wins in Sectional; Tigers Are Favored Tonight

Won-loss records are not always decisive in high school basketball. Beecher City found last night by dropping a 64-62 decision to Carlinville in the East St. Louis sectional tournament last night. Beecher City is now 27-2 and Carlinville 25-3.

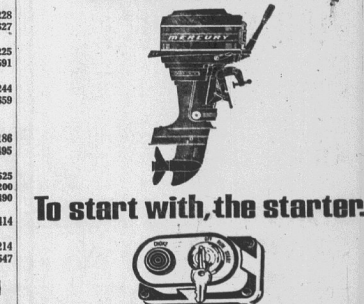

The favored Tigers of Edwardsville (21-5) meet Belleville West (17-11) at 8 o'clock tonight at East St. Louis for the right to oppose Carlinville in the sectional championship game at 8 p.m. Friday.

The survivor will advance to a supersession game next Tuesday night.
Other sectional semifinal winners last night included Arcola, Mount Vernon, Quincy, Springfield Lanphier, Freeport, Evanston, LaGrange, LaSalle-Perrin, Thornton, Bismarck, Elgin, Galesburg and Peoria Central.

May Name Recreation Area 'Memorial' Park
Memorial Park (Vietnam and Korean Conflicts) was discussed by Madison Rotarians yesterday as the name of a project under which outdoor recreation facilities are to be developed on the grounds of the Madison recreation center. The center is a world war II memorial.

President Harvey Miller reviewed a kickoff meeting at which representatives of firms and organizations were acquainted with the recreation proposal Monday night.

What's new about the new 20-hp Mercury outboard?

To start with, the starter.

Now you can have your Merc 200 with or without an electric key starter. It's still the world's top fishing outboard. This new 20 hp is ideal for use on large lakes and impoundments... has the power and speed to take you out and bring you home fast... yet it'll sit right down and troll slow enough for the most patient walleye fisherman. Like all fishing Mercs, the new 200 has sheer-proof drive, full gearshift, tilted powerhead, Jet-Prop exhaust, rugged one-piece crankshaft housing and smooth, angled leading edge... plus the full silencing treatment. Whatever kind of fisherman you are, you'll find the new Merc 200 fits the bill better than any other outboard you can buy. See your Mercury dealer and get all the details on the new Mercury line... including the world's 4 best fishing outboards.

Mercury... THE PAYOFF IS PERFORMANCE. 2.0, 6.0, 8.0, 9.0, 15, 20, 25, 30, 35, 40, 50, 60, 70, 80, 90, 100, 125 hp.

300 See First GC Ice Hockey

The first ice hockey game ever to be skated on the Granite City ice rink in Wilson Park was a big success Wednesday night as 300 turned out to see an exhibition between Winterland and Webster Groves. Winterland won 6-0.

Players were in the 10-12 age range and have competed against other St. Louis area ice hockey clubs.

The boys were clad in full hockey equipment, including helmets.

The skills of playing ice hockey are being taught at the local ice rink on Saturday mornings to 36 youngsters. It is hoped that in the future that the game will become popular enough to start leagues at the rink.

Others having teams include Steinberg, Clayton and St. Louis county.

ICE HOCKEY ACTION last night at the Granite City ice rink. Two teams from St. Louis staged an exhibition game before 300 fans who saw Winterland beat Webster Groves 6-0.

cash and a wrist watch, apparently by persons with whom he had been drinking late Monday night and early Tuesday morning. Police said Stubblefield was picked up about 12:45 a.m. Tuesday and reported the theft later in the day after he remained several hours in the Venice city jail.

Thomas Murray, 2456 Benton street, reported to police Tuesday morning that two sport jackets, three pairs of

trousers and five shirts were stolen from his parked auto.

Automatic Washer Stolen

Theft of an automatic washer from his home at 2910 Roosevelt street was reported to police Wednesday evening by Homer Lupardus, who reported a rear door had been pried open.

A red 1966 two-door auto belonging to Barbara Jackovich, 2828 Nameoki road, was stolen about 8:45 p.m. Wednesday. The owner told police she saw the car being driven away north on Nameoki road at that time.

A car owned by Harold Dickerman of Chouteau township that was stolen Tuesday morn-

ing was recovered in the 2900 block of Ohio avenue by Granite City police, according to a report by the Madison county sheriff's office. The report said the motor and transmission was missing when the car was found.

A drive shaft was stolen from the 1957 auto of David Dumoulin, 10 Briar Haven, while the car was parked at his home, it was reported to police on Monday.

Theft of a 12-volt battery from her auto was reported to police Monday afternoon by Leola Paschadag, 2815 East 26th street.

a new contract, was reported following yesterday's meeting, but a union spokesman said a complete settlement "has not been wrapped up yet."

Another major issue confronting negotiators is settlement of the cost-of-living allowance. The contract offer by the company fixed a 16-cent ceiling on cost of living wage increases for the three-year period of the proposed contract. Members voting on the proposal objected to this point on grounds that such increases during the last three years amounted to a total of 22 cents and such ceiling would prevent allowance of the full amount of cost-of-living increases.

Processors Want Cucumbers from Area

There is a market for processing cucumbers in the local vegetable growing area, it was reported today by Chris Doll, University of Illinois area adviser in vegetable crops. The Berger Foods Co., of St. Louis, will buy on contract as many cucumbers can supply.

Cucumbers are adapted to many of the soils of Madison county. They offer the possibility of a high cash return per acre.

Doll says the main requirements for success are good cultural practices and plenty of labor for harvesting. The harvest season begins about two months after planting, and lasts for a month or more. Picking must be on a two or three day schedule. The more often they are picked, the more they produce.

Dr. Lee and Filin are running together in opposition to Mudge and have the endorsement of the St. Clair County Democratic Central Committee. The Madison county committee made no endorsements in the delegate contest.

clerk instead of the secretary of state, and to run only in their own county instead of on a bi-county district basis as they have in the past.

Ebersold and Grant are associates of the Madison-Venice organization which is headed by Dr. John E. Lee, mayor of Venice, and Madison Mayor Stephen Mader. Ebersold is also city clerk of Venice. Both are seeking re-election with the organization's blessing.

According to reliable political sources, opposition to Ebersold and Grant developed primarily because of the decision of Dr. Lee to file for election as delegate to the national Democratic convention, in opposition to Dick Mudge of Edwardsville.

former Madison county state's attorney who also is seeking a delegate seat on his commitment to support U.S. Senator Eugene McCarthy for the presidential nomination. Dr. Lee is committed to President Johnson and Johnson's policies in conduct of the war in Vietnam.

Mudge gave warning that if he were elected, he would reportedly sent word to Dr. Lee that unless Lee withdrew from the delegate race, Mudge would support candidates opposed to Ebersold and Grant. Dr. Lee filed his petitions as a delegate candidate shortly after the filing period opened.

While two delegates and two alternates are elected by each party in the 4th congressional district—comprising all of St. Clair county and seven Madison county townships—the Democratic contest develops from the candidacy of a third person in the delegate race. He is Monroe Filin of East St. Louis, a former Granite City resident.

Dr. Lee and Filin are running together in opposition to Mudge and have the endorsement of the St. Clair County Democratic Central Committee. The Madison county committee made no endorsements in the delegate contest.

Dr. Lee and Filin are supporting Jerry L. Lamar of East St. Louis, a Madison county attorney and a candidate for alternate delegate, is associated in the campaign with Mudge.

Both Mudge and Allen are supporting Zupan and Byrne on a "ticket" basis in their campaign for the two levee board seats, while Postawko will run independently. Zupan, 46, is business representative of Bricklayers Union Local 85. Byrne is an operator at the Granite City sewage treatment plant, a post he holds by appointment of Mayor Donald Partney.

Four-Week Ticket
This Democratic line there-into has the endorsement of the delegate-alternate election, and Zupan and Byrne in the levee board primary, against Dr. Lee Filin and Lamar in the district contest and Ebersold and Grant in the levee board race.

In the opening statement of his campaign, Zupan said today that he questions the "necessity and legitimacy of many of the acts performed by the levee district. . . I am concerned that the tax that we are paying for the performance of these duties is unduly high."

He pointed out that the assessed valuation of the Madison county section of the levee district "very nearly equals" that of the St. Clair county section of the district, which means that of the legitimate acts being performed by the levee district, approximately 90% should be performed here in Madison county and 50% of

IRS Agent to be on Hand Here on Monday

Internal Revenue agents again will be at the city hall in Granite City on Monday to assist Quad-City residents in preparing their 1967 income tax returns.

An agent will be on hand each Monday from 9 a.m. to noon and 1 to 4 p.m. until April 8, and on Friday, April 12, the last week before the income tax deadline on April 15.

Persons seeking answers to questions by telephone may call the IRS office at East St. Louis, 274-2200.

Marine Pvt. Dunagan Trains at San Diego

Marine Pvt. Teddy D. Dunagan of 3353 Maryville road, was graduated— from eight weeks of recruit training at the Marine Corps Recruit Depot at San Diego, Calif.

the employees should reside here in Madison county."

Zupan said that "I would oppose any project which will not be of a benefit to a sufficient number of residents to justify the expenditure. A close look will have to be taken at the proposed Hillside Drainage project to ascertain if an expenditure of millions of dollars, without having recourse to a referendum, is justified."

Servant of People
He added that if he were elected, "I will strive to see that the levee district is operated in a businesslike manner. If this is found to be impossible, I will be forthright enough to say so, and then work toward dissolution of the levee district. A taxing body must be a servant of the people, not a tax burden going its own way, unmindful of the wishes of the taxpaying citizenry."

Both Mudge and Allen issued statements supporting Senator McCarthy for the Democratic presidential nomination.

Mudge said that the nation is in a crisis that cannot be solved by inaction, that poverty exists in the midst of plenty and is dividing the nation, and that the present administration's policy has failed to accomplish any of its stated goals.

"Therefore we need a new administration in Washington with a new policy designed to bring this disastrous war to a conclusion," Mudge said.

Allen also took issue with the administration war policy, noting that "it is obvious that a negotiated settlement is required to terminate the war, which, he said, is costing a million dollars per day."

The two Madison county members of the levee district will be nominated and elected this year by the voters living only in the Madison section of the district, which is made up primarily of Granite City, Nameoki, Venice and Chouteau townships.

The primary election will be held on June 11 this year. Candidates have until noon Saturday to withdraw nominating petitions if they desire to do so. Although the county clerk's office at Edwardsville customarily is closed on Saturdays, County Clerk Eulalia Hotz said she has arranged for the office to be open until noon to accommodate anyone wishing to withdraw.

\$6.15 Hourly Pay For GC Summer, Night Teachers

Hourly pay will rise from \$5.25 this year to \$6.15 in 1968-69 for night school instructors, the Granite City school board decided Monday night. The same raise will be granted summer school teachers effective this summer.

Supt. Bob J. Davis estimated that summer school instruction will be sufficient to meet the higher pay and also to permit employment of additional summer teachers for two purposes—a curriculum study and reduction of the pupil-teacher ratio for slow learning groups.

The raise effective in the fall will apply to both the adult education program and the "Win Back" instruction leading to high school diplomas. Tuition will be increased by \$5 in driver training and \$1.50 in homecoming. Other course fees will be unchanged.

Pelley on Gifts to Schools

A policy was adopted by the board requiring action on proposals of \$100-plus gifts to schools from school-connected organizations or purchases of similar size from activity funds.

Any gift, regardless of value, offered by other than school-connected groups must have prior school board approval. Once a gift is accepted, maintenance and supplies will be provided by the school district.

Acquisition through regular school purchasing procedures is to be required. Action on a donated air conditioner and copying machine gifts was deferred pending a report on whether they meet the new requirements.

Leo Konzen and Jon Mullen, citizen committee chairman, are continuing their study of school district financial needs. It was noted after the meeting, A May tax referendum has been discussed by the board.

fore a third tractor-trailer arrived on the scene, crashed through the section of guard rail against which Miss Andrews had been laying and plummeted down an embankment to avoid hitting the piled up vehicles.

The driver of the third truck was unhurt, but a passenger suffered a possible fracture of the right hand and inhalation of diesel fumes.

Mrs. Andrews said her daughters' injuries were incurred from a "flying object" from one of the wrecked vehicles. Werths and his fiancée were taken to hospital in the same ambulance as Mr. Quillen, who died enroute.

Whether to go ahead with their wedding Saturday as planned, is still being discussed by the young couple, Mrs. Andrews commented.

Johnnie Paul Watson Enlists in Army

Johnnie Paul Watson, son of Mr. and Mrs. Johnnie R. Watson, 1667 Market street, Madison, enlisted in the U. S. Army Tuesday and is now undergoing basic training at Fort Leonard Wood, Mo. SFC Harold C. Pratte, local Army recruiter announced today.

Watson attended Madison high school, and selected regular Army as his guaranteed enlistment option.

The man who hangs on stands the best chance of success.

Kite Flying Advice From Power Company

C. E. Mathias, service area manager for Illinois Power Co., reminded kite flyers today to fly their kites away from power lines.

"General safety tips for kite flying," Mathias said, "include using dry string, wood and paper in the kite rather than wire or metal. Also, avoid power lines, busy streets and TV aerials. Finally, kites should be flown only on days when there is no rain."

If a kite becomes tangled in a power line, Mathias suggested calling Illinois Power rather than pulling the string or trying to climb a pole to retrieve it.

Virgil T. Nickles, 60, Dies; Former Resident

Virgil T. Nickles, 60, of 1690 Red Bud avenue, Collinsville, a former long-time Granite City resident and local plant employee, died of a cerebral hemorrhage at 1:45 p.m. yesterday at Barnes Hospital, St. Louis. He leaves a daughter and a twin sister here.

Mr. Nickles had been in ill health since early January and was hospitalized on several occasions. He had resided in Collinsville 14 years, after spending most of his adult life in Granite City.

A 40-year employee of Granite City Steel Co., where he worked as a speed operator in the hot strip department, Mr. Nickles was a member of United Steelworkers of America, Local 67.

He was an active churchman and served as deacon of the Assembly of God Church in Collinsville. He also held the position of Sunday school superintendent at the Collinsville and local churches.

Mr. Nickles is survived by his wife, Mrs. Ada Nickles; two sons, Jerry Thomas Nickles, at home, and Third Class Petty Officer Virgil R. Nickles, on duty with the U. S. Navy at Charleston, S. C.; three daughters, Mrs. Virgil (Rosalee) Hudson of Granite City, Mrs. Richard (Mildred) Dorch of Carlinville, and Mrs. Richard (Dolores) Schmitt of Alton; his twin sister, Mrs. Tom (Vergie) Parker of Granite City; one brother, Wiley Nickles of Winona, Mo.; and six grandchildren.

Funeral arrangements are given in today's obituary column.

Arrested Second Time On Same Charge

John Ballentine 26 of Madison was arrested by Madison police at 12:45 a.m. today for the second time on the same charge in less than a week — driving without a driver's license.

Ballentine was arrested last Friday on the license charge. At that time he posted \$200 cash bond pending a March 20 magistrate hearing. Police said they picked him up today while he was driving a car at 15th street and Grand avenue. He is expected to be arraigned in court later today.

MORE ABOUT Eight In

55th District Democratic campaign are residents of Granite City.

Others who filed earlier in the filing period, which opened March 4, include Horace L. Calvo, an attorney of 3254 Westchester drive; Terry W. Frankester drive; 2629 State street; James E. Walker, an employee of Granite City Steel Co. of 52 Shiloh drive; Harry A. Briggs, supervisor of Nameoki township, 4265 Lake drive in Nameoki township, and Robert L. Ford, supervisor of Wood River township.

Contest in 53rd

In the 53rd Representative District which includes all Madison county townships not in the 55th District, there is a four-man contest for two Democratic representative posts, but only two Republican candidates bidding for two GOP representative offices. The 53rd District elects two Republican representatives and two Democratic representatives in contrast to the two-to-one ratio in this district.

Candidates in the 53rd District Democratic primary include incumbent State Reps. Sam M. Vadalabene of Edwardsville and Charles Ed Schaefer of Carlinville. They are opposed by Kenneth R. Boyle, Carlinville, and Don Barry of Raymond.

Unopposed for the two Republican spots are incumbent representative Ben C. Harpster of New Baden, and Orval W. Hittmeier of Litchfield.

The challenge to the Madison-Venice Democratic organization headed by Dr. John E. Lee, mayor of Venice, and Madison Mayor Stephen Maers grows out of a political fight in the 24th Congressional District between Dr. Lee and Dick H. Mudge of Edwardsville, a former Madison county state's attorney, for election as delegates to the national Democratic nominating convention.

Two convention delegates and two convention alternates will be elected in the primary by each party. There is no opposition for the delegate spots in the Republican primary. The two Democratic posts are at issue, however, as the result of a third candidate, Monroe L. Flinn of East St. Louis, a former Granite City resident.

Lee Supports Johnson
Differences between Dr. Lee and Mudge result not only from former political opposition between the two, but also from a difference over President Johnson's war policy in Vietnam. Mudge has said he is opposed to re-election of President Johnson. Dr. Lee is an avowed supporter of the president.

Dr. Lee is running with Flinn for the two delegate posts. Both have been endorsed by the St. Clair county Democratic Central Committee.

Three candidates also are in the race for election as alternate delegates. One of them is Richard Allen, Granite City attorney who is joining with Mudge in the district political fight. The other two candidates are Jerry Lamar of East Alton and Elmo J. Bush of East St. Louis.

Unopposed Republican candidates for delegate are Ralph D. Walker and Wilson H. West, both of Belleville. Candidates as alternate delegates, also unopposed on the GOP ballot, are Mrs. Lily P. Chaboude, Granite City, and Russell H. Classen of Freeburg.

Convention delegates and alternates of the 24th Congressional District are elected in St. Clair county and 11 Madison county townships that include Granite City, Venice, Nameoki and Chouteau townships.

More District Contests
Contests also have developed in the election of representative committeemen of both parties who are chosen on a district basis, but who file nominating petitions with the county clerk's office instead of the secretary of state. Two representative committeemen, whose sole duty is determination of the number of state representatives to be chosen in their respective districts, are elected for each party.

Democratic candidates include Chris Costoff of Madison, Ralph L. Elliott of Granite City, Edward D. Voumard sr. of Alton and James Lavelle of Alton. Three Republican candidates for the two GOP posts are Alan Claus of Collinsville, Samuel Shackelford of Granite City and Deoren Young of Alton.

There is no opposition on the Democratic ticket to the re-nomination of Cong. Melvin Price of East St. Louis, who has held the office since the early 1950's. On the Republican side John S. Guthrie, a building contractor of O'Fallon, also is unopposed for the GOP nomination.

Illinois elections this year do not include state senators, except in instances where vacancies must be filled.

Many Groups Aiding SIU Students

It doesn't take a large amount of money for an individual or group to set up a scholarship or grant-in-aid for some deserving student at Southern Illinois University, says Charles E. Gray, assistant coordinator in the SIU Office of Student Work and Financial Assistance, Carbondale.

According to Gray, of the \$238,000 available to students during the current school year in the form of non-athletic, privately financed scholarships, grants-in-aid and awards of various kinds, about 80% is in small amounts.

A large number of these accounts are in the \$250-per-year category, he said, and some are even as small as \$50. Most of

this money comes from individuals or civic, religious, fraternal or professional organizations.

Many are employed. Almost all students who benefit from these funds are employed part time on campus in the student work program, Gray pointed out, and these with proven financial need can get National Defense or state-guaranteed loans. "However, our purpose in providing extra aid of this kind is to reduce the amount of the students' indebtedness after graduation," he said. "After all, loans have to be paid back."

Also, he pointed out, since most of the recipients of this aid must work to get through

school, whatever extra help they get means that they will need to work fewer hours per week to meet expenses, thus there is more time for study. "It could mean the difference between a student's making A's and C's," he said.

Donors of student aid funds may place whatever restrictions they wish on their contributions or may deposit the money in unrestricted accounts to be used at the University's discretion, Gray said. Anyone wishing to discuss setting up such funds is invited to contact him at the Office of Student Work and Financial Assistance, Southern Illinois University, Carbondale, telephone 453-4334.

Granite City PRESS-RECORD

Man, Wife Arrested in Diet Pill Treatments

Warrants charging an East Alton couple with the treatment of ailments without a license were served by sheriff's deputies Monday afternoon following an investigation by state agents into the operation of a physician's offices in Granite City, Wood River and East St. Louis that have been dispensing diet pills.

Arrested were George Turner, 44, and his wife, Grace, 44, on a complaint signed by State's Attorney Leon Scroggins and issued by Associate Judge Austin Lewis. Scroggins said he expects to present the case to the Madison county grand jury within the next week.

Authorities said the pair was charged with dispensing the pills from offices maintained by Dr. Jack Dayan, a Wood River physician. Issuance of the warrants followed visits to Dr. Dayan's offices by state agents who said they underwent tests and treatment by the defendants, who are not licensed physicians.

Mrs. Turner was arrested in the Wood River office and her husband was served with a warrant when he appeared in Edwardsville to post bond for his wife. Both were released on cash bail of \$200. The local office is in the 2700 block of Madison avenue.

Area medical officials said Dr. Dayan is not associated with any medical societies or hospital staffs.

6 GC Police Officers At Juvenile Seminar

Six Granite City police officers, including Chief Ronald Veiser and Assistant Chief George Teller, are attending a seminar on juvenile delinquency being conducted today in Belleville by the Illinois Youth Commission.

Also attending the all-day meeting are Sgts. Harry Mitchell and Joseph Nemeth and Patrolmen Alan LeMaster and Dusan Gagic.

Autos Collide

Involved in a collision Wednesday afternoon at 10th and Adams streets was a southbound auto driven by Donald Tator of Florissant, Mo., and a westbound station wagon operated by John B. Mullen of Rosana. About 8:15 p.m., police received a report of a three car accident in the 2700 block of Iowa street, but the motorists left before police arrived.

3 New Spring Programs Starting at Local YMCA

Forrest L. Cockrell, YMCA physical director, today announced three new spring programs, which will get under way immediately at the local "Y," and a fourth program scheduled to begin May 6.

Starting this Saturday and continuing through May 4, a YMCA-Red Cross Senior Life Saving course will be offered to men and women over the age of 15 years. Fee for the course, including cost of books and other materials, is \$4 for "Y" members and \$10 for non-members, Cockrell said.

Theory sessions will be conducted from 1:30 to 2:30 p.m. each Saturday, followed with pool instruction from 2:30 to 4 p.m. William Lierman will supervise the class.

Pre-School Swimming

Pre-school-age youngsters, ages three to five years, may begin ten weeks of swimming instruction in either of two classes to be given each Wednesday through May 12. The program will start next week with morning classes held from 10:30 to 11:30 a.m., and afternoon sessions conducted the same day from 1:30 to 2:30 p.m.

The "Y" physical director who will teach the pre-school swim classes, said that mothers are required to accompany their child into the pool and assist with the instruction. He pointed out the pool area used for instruction is three feet in depth, with water temperature averaging 84 degrees. Cost of the program is \$5 to YMCA members and \$10 for non-members. Classes will be restricted to 12 youngsters each per session.

Golf Lessons

In preparation for the golfing season, golf instruction will be available at the local "Y," beginning next Thursday, with six weekly lessons provided by Ferdy M. Valdez, former golf pro at the Clover Leaf Golf Club.

A maximum of 15 golf students can be accommodated in the instruction program, Cockrell said. Two separate sessions are scheduled—7 to 8 p.m. for high school age boys and girls and 8 to 9 p.m. for adults. Both will be held on Thursday evenings.

Participants in the golf lessons are required to furnish one wood and one iron club. Fee for the course is \$4 for "Y" members and \$8 for non-members, Cockrell said.

Instructor's Course

Holders of senior Red Cross life saving certificates are invited to participate in a "Red Cross Water Safety Instructor's

Course" which will be offered at the YMCA beginning May 6, the director reported.

Course enrollees, who are required to be 18 years or older, will receive instructions on Mondays, Wednesdays and Fridays for a period of two weeks. Each session will be conducted at 7:30 p.m. by Michael Jesse. No charge is made to "Y" members taking the course, however, a \$3 fee is required from non-members. All materials used in the program are furnished.

Cockrell noted the instructor's course has been set for May to enable those interested in teaching life-saving to first qualify through participation in the earlier senior life saving classes.

Registration for any of the new programs will be accepted at the YMCA main desk, or further information may be obtained by calling 876-7200.

NAACP Madison Chapter Gains Memberships

The Madison Branch of the NAACP is continuing with its membership drive and with plans for a tea to be given on April 7 from 3 to 5 p.m. in the Venice school gym.

Mrs. Gertrude Young said this week that a banner year is expected in the membership campaign and Mrs. L. V. Weston, president reported that several business establishments have agreed to employ a number of youngsters this year.

A committee has been named to study recreation facilities in the area according to Mrs. Weston, and she announced that the Bethel AME Church, 1035 Market street, Venice, will be the permanent meeting place for the NAACP.

Glue Sniffing Charge

A charge of glue sniffing was placed against 20-year-old Stephen Underwood, 135 Kinder lane, who was arrested Wednesday afternoon by Granite City police. The officers also confiscated a bag.

Charged with Speeding

Jimmy Castle, 2118 Missouri avenue, was charged with speeding in the 2600 block of Nuneoki drive where police operated a radar unit Wednesday morning.

COINS OF THE ISLAND OF TONGA, now on display at the Granite City Trust & Savings Bank are being explained by Vencil Lowery (center), a bank secretary, to Nelle Gibson and Mary Teneket. The coins are of rare Palladium.

Award Winning Coin Exhibit on Display

An award winning display on Palladium coins currently is being exhibited at the Granite City Trust and Savings Bank.

The first palladium coinage in history was issued July 4, 1967, to honor the coronation of King Taufa'ahau Tupou IV of Tonga. The Hau is the largest, heaviest, and intrinsically most valuable (at the time of issuance) coin produced in the world.

Palladium is one of the so-called "splendid six" rare metals: Palladium, Platinum, Ruthenium, Osmium, Rhodium, and Iridium, all of which cost more than gold.

Pure Palladium, an element discovered in 1803, is a white, ductile metal that melts at 2829° F. It is lighter than gold and all the other platinum metals. To make these coins, the composition of 98% palladium and 2% ruthenium was used.

Tonga is an independent island kingdom in the southwest Pacific Ocean. They have a historical background going back to the 18th Century, where off Torfaia in 1789 the famous Mutiny on the Bounty began.

The history of the coinage of the Islands of Tonga goes back only a few years. In fact only to the year 1962 when they issued 1500 sets of Gold Coins in three different denominations, the 1/2 Koula, 1/4 Koula and the 1 Koula. These cannot be im-

Two Minor Fire Alarms In W. Granite Tuesday

Firemen from the West Granite fire house answered two minor alarms Tuesday evening and reported there were no losses.

The first alarm at 7:20 p.m. was at the home of Jack Bone, 2023 Missouri avenue, where lint in a clothes drier was smoldering. The other at 8:45 p.m. was to Union Starch & Refining Co. where smoke was pouring from a diesel locomotive. It was determined an accumulation of carbon in the engine stack caused the excessive smoke.

Hit-Run Accident

A parked car owned by Sandra Dorch, 53 Venice Homes, Venice, was damaged by a hit and run car while it was parked in front of 1241 Iowa street about 7 p.m. Tuesday, according to a report by Madison police. Officers reported the Dorch auto was damaged on the left side.

MARCH SNOWMAN, standing five feet tall, was made by group of youngsters in the 1200 block of Madison avenue Tuesday as first March snowstorm since 1960 hit Quad City area. In photo are Sandy, Debbie, Patty and Ronda York, and Deena and Mitzi Antonopoulos.

\$28,265 Grant for School Libraries in GC

Final approval has been given by the state office of public instruction for a \$28,265 Title II grant to the Granite City school district for school library resources.

The amount is \$270 more than anticipated. Noting the approval, the school board Monday night authorized obligating the funds for purposes specified in its Dec. 11 application.

Plans were made to attend a meeting on the proposed junior college district at 7:30 p.m. March 20 at the Madison county courthouse.

The board changed its second April meeting to 7:30 p.m. Monday, April 22, nine days after the April 13 school board election. It approved six changes in election judges due to varied reasons, and named three new standby poll judges.

96% Tax Collection

Collection of tax funds levied in 1966 for payment in 1967 to support school district operations totaled 96.27%, Comptroller Victor G. Anderson reported.

The final tax settlement received March 5 from County Treasurer John Maers includes \$13,834 in back taxes and reflects collection errors, forfeitures, commissions, property sold and objections.

The completed tax cycle was levied to support the 1966-67 school year, based on accrual accounting, and represented money available to the schools during the 1967-68 year, viewed on a cash flow basis.

Hiring, Resignations

Effective with the next school term beginning in late August, the board hired as an elementary teacher Miss Barbara Ann Hazeltine of Lincoln Avenue, who is to receive a bachelor degree from SIU this year.

Assistant custodians employed effective this week were Ralph D. Spurlock, 8144 Lakeview drive, Central Junior High School, and George W. Udell, Coolidge Junior High School, Anderson, 4412 Nameoki road, was named a high school assistant custodian retroactive to March 4.

Resignations effective at the end of the current school year in June were accepted from Samuel J. Meltz, a Central junior high school mathematics teacher; Glenn G. Hastings, 2281 Boyle avenue, GCHS coach and physical education and driver education teacher, who will become a student recruiter and assistant basketball coach at Hardin Simmons University, Abilene, Tex.; and Eugene LeChien, East St. Louis, a Coolidge junior high school "block of time" (social studies and English) instructor, who will attend St. Louis University.

Edison Mathis, 3240 Carlson avenue, an assistant custodian at the Mitchell and Parkway grade schools, resigned effective April 26 due to plans to move out of the state.

Confers With Teachers

American Federation of Teachers Local 748 will be ready to begin negotiations next week on three non-money items of its working agreement for the 1968-69 school year, the board was advised by the Salary and Policy Committee of the local.

The reopening is provided for in Article 34 of the working agreement. Local 748 is determining the items it will seek to change on the basis of about 600 teacher questionnaires now being tabulated, the board was told.

Present were Robert Johnson, president; Richard Huff, vice-president; Jon Muller, committee chairman; and William Breidenbach and Gerald Brown, committee members.

Negotiators for Board

Noting that the agreement stipulates negotiations by at

least one school board member, Mullen said the practice has been to utilize three board members along with administrators, and urged that this be continued.

Selection of board members to serve on the negotiating panel was deferred until the two not present, Monroe Worthen and Royce Timmons, can be consulted.

Availability of various board members this spring is to be considered in naming the negotiators, it was indicated by Dr. Eugene W. Walton, board president.

Better Relations Cited

Mullen attributed improved relations within the school system to inclusion of board members along with administrators in arranging scheduling of the negotiations.

"We feel there has been a great improvement in relations between the professional staff and the administrators, board and probably the public," Mullen said.

"We always, the suggestions we make will be in the best interest of the children and parents. We are confident that you will want to adopt them. We're available evenings, Saturday and Sundays and feel that meetings on weekday evenings would be fine."

Supt. Bob J. Davis was asked to maintain contact with the board and teacher committee in arranging scheduling of the negotiations.

The board authorized payment of expenses for Mrs. Rosemary Kabureck, a remedial reading teacher, in attending the International Reading Association convention in Boston, Mass., April 23-27.

Homemakers, Leadership Trips

Future Homemakers of America were given permission for their annual spring trip May 3, 4 and 5 to Eminence, Mo. Two teachers will accompany the group.

The Advanced Leadership class at GCHS was authorized to hold its annual outdoor educational project May 17-19 at the St. Louis YMCA camp at Potosi, Mo.

The West Granite Youth Development group will hold a teenage dance in the Prather junior high school gymnasium Friday evening, March 22.

It was noted that the Parkway school heating plant was repaired March 7 by borrowing a replacement air compressor from Grigsby junior high, a school now under construction. A new compressor costing \$121 is being ordered.

An extra "fire eye" control panel suitable for use at either Parkway or Grigsby is to be obtained for \$240 from the Hester-Bradley Co., St. Louis.

A \$250 credit from the A-1 Tackling Co. on caulking compounds at the Grigsby construction project.

Purchasing Policy

The board approved a continuation of present purchasing procedures in certain categories of science and home economics supplies, one-source products, electrical office equipment and audio-visual equipment repairs.

It was decided to reject bids ranging from \$3534 to \$24,580 on three methods of improving Central junior high school masonry.

New specifications will be prepared, limited to grinding out Central stone work and installing non-shrinking mortar in all stone joints.

Landscape Coolidge, Parkway

Quad-City Nursery is awarded a contract to landscape two schools for \$824. Sixty-three trees and shrubs will be planted at Coolidge junior high school and 48 trees and shrubs at Parkway school.

Acting on vocational shop equipment bids, the board approved purchases totaling \$10,312 from Mill Supply Co., \$231 from Baptist Electronics, \$151 from Brodhead Garrett, \$66 from Lang Saw Co. and \$27 from McDonald Machinery. The Mill Supply award includes a \$9147 vertical spindle precision milling machine.

Bills paid totaled \$43,270 in the education fund, \$42,234 building fund, \$1201 federal funds, \$24,759 transportation fund, \$23,417 new construction and \$41,886 cafeteria fund.

Travel allowances amounted to \$455 in the education fund and \$49 in the building fund, and \$691 tuition was reimbursed to teachers.

Director Sought for Federal EOC Program

Applications still may be submitted to the Madison County Economic Opportunity Commission by individuals interested in employment as director of the "New Careers" program for Madison and St. Clair counties.

According to EOC Director Maurice S. Harris, applicants should have a master's degree in one of the behavioral sciences, at least three years of administrative experience and basic understanding of manpower programming. The question of salary is open, he added.

The "New Careers" program, funded by the U. S. Department of Labor, is a comprehensive project designed to retrain adults for greater job opportunities. The bi-county program is jointly coordinated by the anti-poverty agencies, Southern Illinois University-Southern campus and the Labor Department.

Applications should be sent to Mrs. Harris, Madison County EOC Director, 142-A North Main street, Edwardsville.

Mrs. Edith Holton, 65, Dies: Native of Venice

Mrs. Edith A. Holton, 65, of 2248 State street, a life-long resident of the Quad-Cities, succumbed to a heart ailment at 11:30 p.m. Tuesday at St. Elizabeth Hospital, where she was a patient 19 days.

Mrs. Holton was born in Venice and had resided in Granite City and Venice her entire life. She was a member of the First Granite City United Presbyterian Church; New Hope Chapter 432, Order of the Eastern Star; and Gabriel Shrine 78, Order of the White Shrine of Jerusalem.

She is survived by her husband, Wallace A. Holton sr.; three sons, Wallace A. Holton jr. of Florissant, Mo., Robert F. Holton of Macomb, Ill., and William P. Holton of Murphysboro; two sisters, Mrs. Vivian Rowden of Granite City and Mrs. Gladys Kleinschmidt of Clayton, Mo.; and three grandchildren.

Funeral arrangements are given in today's obituary column.

Library at SIU Gets Civil War Letters

A collection of 300 original photograph letters and documents of Civil War significance have been presented to the Southern Illinois University Morris Library archives by Philip D. Sang of River Forest.

Covering the period of hostilities from the first Battle of Bull Run to General Johnston's surrender, most of the letters are written by field officers of both the Union and Confederate forces. A few are by leading political figures, and cabinet members of both sides, as well as a few by Naval officers.

"The collection was compiled by the original owner with a view to complete the history of the war with a letter or document of every officer above the rank of captain," Ralph E. McCoy, director of libraries, explained. "The letters were chosen for their military interest where possible, and many have a direct bearing on some phase of the war."

Lincoln and Lee

Among the distinguished figures represented in the collection are Abraham Lincoln, Jefferson Davis, U. S. Grant, Robert E. Lee, George B. McClelland, "Stonewall" Jackson, William Tecumseh Sherman, Philip Henry Sheridan, G. T. Beauregard, and J. B. Hood.

One of the most touching items is a hand-written letter from Zebulon B. Vance, governor of North Carolina, dated April 11, 1865, addressed to General Sherman, commander of the Union forces. He writes: "His Honor Mayor Wm. H. Harrison is authorized to surrender to you the City of Raleigh. I have the honor to request the extension of your favor to its defenceless inhabitants (sic) generally and especially to ask your protection for the charitable institutions of the State located here; filled as they are with unfortunate inmates, most of whose natural protectors would be unable to take care of them in the event of their destruction."

The Capitol of the State with its Libraries (L) Museums and most of the public records is also left in your power. I can but entertain the hope that they may escape mutilation or destruction in as much as such evidences of learning and taste could advantage neither party in the prosecution of the war whether destroyed or preserved."

In the collection are exchanges between commanders in the same or adjacent areas; from officers in the lower echelons to their commanders; from soldier to family at home, or from politician to soldier.

Three especially significant items are a Confederate cavalry muster roll, that of Capt. Werry's company, 7th Regiment, signed by the company commander and commanding general, and two manuscript journals of the Army of the Cumberland and the Army of the Potomac.

In addition, the collection includes portraits of the Civil War period—engravings of various sizes, made either during the period or in the later 19th century.

NARCE Hears Talk On Retiree Benefits

A detailed analysis of legislation currently before Congress which may benefit retirees and civil service employees was presented Monday afternoon by Walter Franklin, during a meeting of the National Association for Retired Civil Employees, Granite City Chapter 1067.

Meeting in La Granda Room at the Granite City Army Depot Officers' Open Mess, members were urged by Chapter President E. J. Erney to contact their congressman in support of the pending legislation.

The group welcomed three new National Association and chapter members, John F. Duggan, Lydia A. Duggan and Levy Collins, and a newcomer to the local chapter, Clem Rogers.

Franklin, whose hobby is constructing scale models, exhibited a miniaturized facsimile of his father's farm, complete in minute detail with buildings, fences and equipment, and a tiny rocking chair serving as accessory which doubles as a pin cushion and thread-holder.

Former Madison Postmaster Harry Johnson displayed various decal and place mat samples publicizing the Illinois Sesquicentennial Year, which he announced are now available to organizations at the Madison courthouse building.

Mrs. Tharah Erney was appointed secretary-treasurer pro tem for the meeting, replacing Mrs. Bertha Berry who was absent. Seventeen attended and enjoyed a social hour following the business session. Light refreshments were served by the Officers' Club personnel.

George J. Macko, 80, Dies; Ill Six Months

George J. Macko, 80, of 2912 Harding blvd., a 48-year employee of Granite City Steel Co., before retiring in February 1960, died at 12:35 p.m. Monday at Christian Welfare Hospital, East St. Louis.

Mr. Macko, who was born in Czechoslovakia, lived here 59 years. He had been ill with a circulatory ailment for about six months and had been a patient at St. Mary's Hospital, East St. Louis, since Jan. 31. He was transferred to the hospital on Sunday.

Mr. Macko was a member of United Steelworkers Local 30, and was a 55-year member with a diamond pin he received from St. Joseph's Society Branch 408 of the First Catholic Slovak Union.

His wife, the late Mrs. Mary Macko, died June 28, 1967. Survivors include four daughters, Mrs. Mary Diak, Mrs. Charles (Anna) Polach, Mrs. John (Lena) Stockert and Miss Kathryn Macko, all of Granite City; three sons, John and George Macko of Granite City and Joseph Macko of Madison; 15 grandchildren and seven great-grandchildren.

A Requiem Mass was conducted at 9 a.m. today at St. Joseph's Catholic Church, and burial took place at Calvary Cemetery. Further information is given in today's obituary column.

U. of I. Plans Course on Narcotic Control for Police

A 36-hour course for law enforcement officers on Narcotics Control will be held April 8-12 at the University of Illinois, Urbana-Champaign.

Prof. Charles R. Taylor, head, Police Training Institute, U. of I., Division of University Extension, said the course "is designed to acquaint the police officer with major facets of the narcotic problem."

"Because of the burgeoning problem of drug abuse, the police officer must be fully conversant with all phases of narcotics, including recognition and identification of narcotics and dangerous drugs, psychological and physical effects of various drugs, state and federal narcotic laws, and investigative techniques."

Faculty for the course will be members of the Police Training Institute and guest instructors

from federal, state, and other cooperating agencies. Only those officers on active full-time duty with duly constituted law enforcement agencies will be accepted for the course.

Applications can be obtained from the Police Training Institute, 608½ East Green street, University of Illinois, Champaign, 61820. They should be returned immediately, and in any case should reach the university no later than March 29. Enrollment will be limited to 40, and registrations will be accepted in the order received.

Those accepted should report to the Registration Desk at the Illinois Union—where housing, meals, and classrooms will be made to entertain the Youth Choir of Deerfield, Ill., which will present a concert at the local church on the evening of March 26.

Mrs. Cathryn Hauskins, president, presided and a friendship circle and Missa bene-diction were used for the closing. Mrs. Eunice Wilkerson and Mrs. Pauline Mersinger were hostesses for the month. Refreshments were served to Mrs. Hauskins, Mrs. Bernice Gushfield, Mrs. Bernice Wilson, Mrs. Annie Laura Platt, Mrs. Marie Bosworth, Mrs. Helen Christ, Mrs. Rae Miller and Mrs. Mildred Burgess. The next meeting will be held April 8.

PEPPY CLASS MEETS WITH MRS. LOERCH

Mrs. Dorothy Loerch held the March meeting of the Peppy class of the First United Presbyterian Church in her home, 1605 Second street, Tuesday evening.

Mrs. Clara Lux, president, presided over a short business session. A social evening followed, with Mrs. Daisy Adams, Mrs. Helen Christ, Mrs. Mildred Gipsom, Mrs. Mildred Humphreys, Mrs. Nora McGold, Mrs. Gladys Zentgraf.

MIZPAH CLASS TO
HOST YOUTH CHOIR

The Mizpah Bible class of the First United Presbyterian Church held its monthly meeting Monday evening at the church.

The meeting opened with group singing, and during the business period plans were made to entertain the Youth Choir of Deerfield, Ill., which will present a concert at the local church on the evening of March 26.

Mrs. Cathryn Hauskins, president, presided and a friendship circle and Missa bene-diction were used for the closing. Mrs. Eunice Wilkerson and Mrs. Pauline Mersinger were hostesses for the month.

Refreshments were served to Mrs. Hauskins, Mrs. Bernice Gushfield, Mrs. Bernice Wilson, Mrs. Annie Laura Platt, Mrs. Marie Bosworth, Mrs. Helen Christ, Mrs. Rae Miller and Mrs. Mildred Burgess. The next meeting will be held April 8.

PEPPY CLASS MEETS WITH MRS. LOERCH

Mrs. Dorothy Loerch held the March meeting of the Peppy class of the First United Presbyterian Church in her home, 1605 Second street, Tuesday evening.

Mrs. Clara Lux, president, presided over a short business session. A social evening followed, with Mrs. Daisy Adams, Mrs. Helen Christ, Mrs. Mildred Gipsom, Mrs. Mildred Humphreys, Mrs. Nora McGold, Mrs. Gladys Zentgraf.

and Misses Opal McFarland and Irene Hackett taking part. The hostess, served lunch and Mrs. Humphreys invited the members to her home, 1638 Sixth street, for the meeting of April 9.

Mrs. Marlene Serini was hostess at the Holy Matrons club in the home of her mother, Mrs. Helen Thiele, 1509 St. Clair avenue, Tuesday.

The home was decorated in a St. Patrick's theme. The basement was in green and white, and the walls were covered with a white cloth with shamrocks at various points. Green candles were on either side of the centerpiece. A white milkglass candy dish held green mints.

Lunch was served, after which a game period was held, with prizes awarded to Mrs. Anna Mae Murphy, Mrs. Lottie Ostresh and Mrs. Susie Riddle. Others taking part were Mrs. Johanna Milovich, Mrs. Rose Mary Ezell, Mrs. Emile Hayden, Mrs. Serini and Mrs. Thiele. Mrs. Thiele will entertain in two weeks.

TAMMI MAERAS MARKS NINTH BIRTHDAY

Tammi Maeras, daughter of Mr. and Mrs. Jerry Maeras, 811 Iowa street, observed her ninth birthday party, Tuesday, attended by school friends Tuesday and one later in the evening for members of the family.

Games were played at the children's party, with prizes awarded to Mrs. Maeras, Collette, Ellen Voegel, Glenda Oliver, Janet Dragich, Robin and Keelee Hakkarainen, Christine Garga, Kimberly O'Dell, Anita Rogers and Sherri Lee and Ronny Gryzawa. Tammi opened gifts during the party.

Members of the family attending the evening get-together were Mrs. Noel Maeras, Mr. and Mrs. Joe Gudac, Mrs. John Maeras and son, Johnny, Mrs. Marie McDaid, Janet Johnson, sister of Tammi, and the parents. Gifts were presented. Pictures were taken during each observance.

Mr. and Mrs. George Ostresh and sons, 2034 Thirteenth street, received a call from their daughter, Airman 1st-class Janet Ostresh Grinstead, Sunday from Washington, D.C. She was on her way to visit with her husband, Airman first-class James Grinstead, who is stationed at Lackland Air Force Base in Texas. She has a ten-day leave and will go to Germany, where her husband expects to be stationed after training.

Mrs. Mary Lessee was hostess to the Lydia class of First Baptist Church in her home, 1822 Fourth street, Monday evening. The monthly meeting was opened with the class color, class flower, aim and Scripture in unison.

Mrs. Doris Macklin led the group in singing the class song, "Our Best." A short business meeting was conducted, after which Mrs. Daisy Barnett presented the devotional on "Motham."

The hostess served refreshments to Mrs. Macklin, Mrs. Barnett, Mrs. Doris Hargrave, Mrs. Trava Williams, Mrs. Ann Redman, Mrs. Bonnie Bridges and Mrs. Janet Young.

Mrs. Young invited the members to her home, 1801 Sixth street, for the April meeting. JUNIOR SCOUT TROOPS HOLD JOINT MEETING

Girl Scout Month is being observed with inter-troop activities. Junior Girl Scout Troops Three and Five met Monday at Louis Baer school with their leaders, Mrs. Bernadine Weidner and Mrs. Jackie Fritzell.

The meeting opened with the pledge of allegiance to the flag, with Miss Laura Wilson assisting Mrs. Fritzell and the girls. Theme for the program was Japan. The girls wore Japanese hats, sat on the floor and ate rice with chopsticks. Japanese lanterns and flags were used for decorations. Mrs. Fritzell had obtained some of the early Japanese writing, which were viewed by the girls.

A table of dolls was displayed in connection with the "Festival of dolls" in Japan. The leaders spoke to the girls on citizenship, and cupcakes and soft drinks were served.

Present were Donna Witta, Renee Lemons, Roberta Noud, Cindy and Mary Householder, Pamela Brown, Teresa Elky, Kim Buster, Yathy Neidhardt, Judy Gowdy, Minnie Downs, Judy Rash, Donna Bokjowsky, Maxine Stubbfield, Annette Morrison, Ellen Richert, Betty Piechocinski and Norma Sullivan of Troop Five and Ruth Fanning, Rebecca Hall, Roberta Hall, Debbie Kelly, Pat Malon, Peggy Stagner, Sharon Serini, Christi Skelly, JoAnn Weidner, Cathy Wilson, Judy Trindle, Laura Nicholas, Ruth Ann Dykes and Trudy Trindle of Troop Three.

The girls were reminded of a tree planting to be held at 10 a.m. Saturday at the Madison recreation center, and of Junior Fun Day April 20. The meeting was closed with "Taps."

Brownie Troop 1100 met Monday at Harris school with the leader, Mrs. Virginia Landwehrmiller, Kathy O'Beir, Verna Barnett and Cindy Robertson assisting in opening the meeting with the pledge of allegiance, Brownie smile song and "America."

The leader spoke on the conduct of a Brownie or Girl Scout as a good citizen. Miss Linda Solos assisted with singing of scout songs and a game period. The leader noted the tree planting to be held at 10 a.m. Saturday; parents are welcome to attend the planting at the Madison recreation center.

The girls will start working on "bunny boxes" at the next meeting. A St. Patrick's Day party also is planned. Those responding to roll call

were Anna Elbe, Peggy Sanders, Tina Ellis, Mary Lee, Gaylene Landwehrmiller, Theresa Boyer, Debora Pruitt, Alicia Mayhew, Debora Thompson, Carol Forshee, Jane Stephenson and Rita Corryell.

HONORED AT SHOWER

Mrs. Marlene Lewis was honored with a pink and blue shower Monday evening at the Temple Baptist Church in Madison. The room was decorated in keeping with the shower theme and gifts were placed on a decorated table.

Present were Mesdames Marilyn Jones and son, Brian, Nell McElroy, Viola Morgan, Dorthea Taylor, Wilma Holland, Christine Cox and son, Richard, Karen Lewis and daughter, Jill.

Ruth Jorgenson and son and Edith Collins, Myrtle McIlroy, Mary Butler, Vivian Bedwell, Pauline Baker, Sis Fitch, Jeanette Smith, Blanche Malotte, Cecelia Kuhlman, Pam Baker, Fay Minie, Mary Arnold, Ailie Wilmoth, Helen Clayton, Frieda Burnett, Alma Whit, Margaret Hahn and daughter and Irene Russell, Cora Scott and Mrs. Tiny Smith.

A chili supper is being served in the basement of the First Methodist Church today starting at 4 p.m. Home-made chili, hot dogs, home-made soup, dessert and coffee are being served by members of the Joy Sunday school class.

MRS. EILEEN ROBINSON
876-5268

Mr. and Mrs. John Ragsdale have a new granddaughter, Fay Marie Ragsdale, weighing five pounds, two ounces, and is the granddaughter of Mr. and Mrs. Charles Hamilton of Madison.

The Horseshoe-Bend volunteer fire department held a sausage supper at the firehouse Sunday. Further information is given in today's obituary column.

Borger, Mr. and Mrs. Joe Robinson, Mrs. Carol Williams, Janice, Mary and Martine, and Mr. and Mrs. John Ragsdale.

SNOWBOUND FOR DAY

Mr. and Mrs. Jerry Borger were without lights or heat from 2 a.m. Tuesday until 4 p.m. due to a power failure. Most of the families past the Bend Road Baptist Church could not get out to go to work due to a large, long snowdrift.

Cars were lodged in the snowbanks, making it difficult for the snowplow to open the road. The road was open Wednesday and everyone could get out.

Commercial, Parking, Hospital Needs Would Be Met By 4-Block Renewal Program in Granite City

(Central Area Urban Renewal Project Survey and Planning Application)

Estimate of basic federal grant—\$1,166,798 (three-fourths of net project cost).

Description of area—From Nidringhaus avenue, southwest along Washington avenue, northwest along 21st street, southwest along Iowa street, northwest along 19th street, southwest along alley between Madison and Grand avenues, northwest along 18th street, northeast along alley between Grand and State streets, southeast along 20th, northeast along Grand and east along Nidringhaus to Washington.

Estimated acreage—24.9 acres, including 8.6 acres in streets, alleys and public rights-of-way, 9.2 acres residential (67 buildings, of which 61 have deficiencies) and 7.1 acres non-residential (20 buildings, of which 10 have deficiencies). Dwelling units—139. Occupants—140 families and 16 individuals.

The approximate density of 20 units an acre is considerably higher than the average for the city as a whole. Several of the residential structures have been converted to rooming houses.

In most, the original design and construction reflect standards of over 60 years ago. Through the passing of time, the utilities, including plumbing, electric and heating facilities, are becoming inadequate.

Many residential structures have been converted to non-residential use and there is a lack of adequate parking facilities for both non-residential and residential purposes.

Streets within the area are adequate as a circulation system, but the lack of off-street parking has necessitated use of the streets for parking purposes, causing congestion.

St. Elizabeth Hospital does not have adequate land area.

There is a pressing need for expansion room for the city's only hospital, and also a need for parking space adjacent to the central business district.

The hospital has begun purchasing parcels of land adjacent to the hospital and by designating this project area, the city will benefit considerably from the expenditures made by the hospital.

To continue this modernization activity throughout the central business district, the city is to provide parking space which should help speed up the modernization effort and contribute toward providing for a healthy, competitive central business area for the city.

The two alley boundaries separate commercial and residential areas.

There are several new commercial structures within the project boundary which will not be acquired. These are retained within the project area.

It is essential that clearance, with the exceptions indicated, take place within this area for the economic well being of this portion of the community.

Without urban renewal, it is unlikely that any rebuilding of this area would be satisfactorily carried out.

This project qualifies under Section 112 of Title I of the Housing Act of 1949, as amended. St. Elizabeth Hospital, qual-

\$1,111,424 Improvement, Requiring No City Taxes, Awaits Action By Council

As is brought out elsewhere in this paper in excerpts from the Granite City urban renewal application, the city has an opportunity to carry out a \$1,111,424 improvement project at no expenditure of property taxes.

This is a tremendous bonanza that is possible at this time due to the credits provided by the St. Elizabeth Hospital capital improvement program. By acting now to receive the \$1,166,798 federal grant and other revenues the city government can be relieved of its entire one-fourth share of the cost.

Twofold advantages of favorable council action would be:

1. A "shot in the arm" vitally needed by the central business district, in the form of 118,000 square feet of cleared land for commercial development and 72,000 square feet for public parking.

2. A solution to the urgent need for more room in the vicinity of the hospital, which would purchase 163,200 square feet for new construction and parking.

Jobs and economic activity would be generated, and new life would be breathed into the central area of Granite City, upgrading its appearance and adding to the variety and convenience of local facilities.

The improvement would enable St. Elizabeth Hospital and this community to obtain maximum benefit from the current hospital modernization program, for which a successful fund drive was conducted among local residents, organizations and businesses last year.

Forward-looking Granite City officials and citizens realized in 1967 for a \$1,500,000 federal grant for sewer construction.

In 1968, they have a deserved opportunity to seek and obtain another federal grant for further improvement of local living conditions. The opportunity must not be missed.

Leadership Role Assigned to Depot For Federal Programs in Metropolitan Area

Designation of the Granite City Army Depot as Illinois-Missouri metropolitan area headquarters for both military family housing management and Army community center services to military personnel and their families further broadens the role of the local base.

Although only one of numerous federal activities in the area surrounding and including St. Louis, the Depot is being looked to for leadership in many of the mushrooming programs administered by the government.

Along with the new family services, the Depot through its community center is also spearheading efforts to reduce hard-core unemployment.

Staff and facilities expansions resulting from these assignments will enable the Depot to contribute even more than at present to Quad-City area economic growth. And the consolidation of services will enable defense personnel and their dependents to deal with one rather than many agencies.

With these roles we repair to some extent the many-sided disparities between circuit or associate judges and magistrates in this circuit.

Magistrates, compared with judges, operate at a great handicap. In fact, in many respects, they are handicapped by the very nature of their office. They are not judges. They are not judges. They are not judges.

They do not have regular court reporters. They do not have enough tape recorders to go around, although this is being corrected. They do not have bailiffs.

They do not have chambers or permanent private files. They get the short end of the stick in our priorities: jury trials (held mainly before judges) have priority over jury trials (so frequently before magistrates); felony cases come before magistrates; and judge cases are called ahead of magistrate cases.

If they are to have security providing even a respectable fraction of the time enjoyed by judges, magistrates must do a competent, diligent, day-in and day-out job.

And they must get it, they might offer themselves for these vital, thankless jobs. If those of the public were to complain, speaking directly or through the press, political parties or legislative leaders, let the public give magistrates

U.S. Ignoring Steel Import Effect On Military Security, Level of Prosperity

From time to time we have commented on the unfairness of present U. S. export-import rules. The views of N. P. Veeder, Granite City Steel Co. president and board chairman, as presented in the firm's 1967 annual report, illustrate the adverse effect of present federal policies on the largest local employer and its employees.

The American steel industry and this company face a fundamental problem in the steadily increasing penetration of our domestic markets by low-cost foreign steel.

There is not enough technology available anywhere, even if we had unlimited funds, for us to make up for the tremendous difference between total employment costs in this country and abroad, particularly in Japan.

There is also an urgent need for the enforcement of fairer rules in the international steel trade. Some foreign steel companies or entire steel industries are owned wholly or in part by their governments and normal profit considerations do not apply.

Some foreign governments encourage steel exports through tax and subsidy programs. European governments have erected non-tariff trade barriers in the form of border taxes and other barriers which handicap the American steel industry severely.

It is hoped our government will soon realize that a healthy steel industry is as essential to the economic well being and national security of the United States as it is to every other industrialized nation.

Neither the European Common Market nor any other major steel producing country imports as much as 5% of their domestic steel requirements. U. S. imports have increased from less than 2% ten years ago to where they account for over 12% of the U. S. market.

The domestic steel industry is supporting legislation introduced in the U. S. Senate and House of Representatives to limit imports by a system of quotas.

This approach would permit foreign steel producers to retain an essentially present share of the U. S. market, which would grow in absolute terms as the market grows, while stopping the increased penetration of our domestic market by imported steel, which is weakening our industry and reducing its ability to serve the nation.

Prompt action is vital. The longer the delay in undertaking to deal with the import problem, the more difficult solutions become and the greater the danger of disrupted economies both here and abroad," he noted.

Over the past two years, Granite City Steel net sales dropped by \$25 million or 15%, and net income in 1967 was 47% lower than 1966.

Contract Awarded to Extend River Road to Nidringhaus

Show was piling up as this was being written, but it seemed a sunny day due to the award of a contract to pave Federal Aid Route 151 from north of Pontoon road to Nidringhaus avenue.

Extension of the divided four-lane Great River Road into the heart of the Quad-Cities this year follows decades of discussion and planning—the price of more highway projects and more than a few other community improvements.

The \$2,605,895 segment, covering 3.79 miles, will be a boon to local traffic, particularly if completed by the time the connecting routes are completed. And it hastens the day when the riverfront artery can progress even farther to the south.

Magistrates Hear Cases Affecting Majority of Those Going to Court

(Remarks by Chief Circuit Judge James O. Monroe Jr. of the Third Judicial Circuit during presentation of judicial robes to magistrates.)

With these robes we repair to some extent the many-sided disparities between circuit or associate judges and magistrates in this circuit.

Magistrates, compared with judges, operate at a great handicap. In fact, in many respects, they are handicapped by the very nature of their office. They are not judges. They are not judges. They are not judges.

Silent Phone Caller Violates Law

(Tri-City and Illinois Bar Associations)

A telephone call in which the caller "talks" but does not "speak" is one of complete silence — or the sound of heavy breathing — is in violation of Illinois law.

The person who makes such a telephone call knowingly and with intent to annoy another person is guilty of disorderly conduct.

The fact that no conversation ensues is of no consequence in the eyes of the law.

The offender, if found out, may be fined up to \$500. Women who live alone are the special targets of "silent" calls as well as of obscene telephone calls.

Such calls should be reported to the police or the telephone company, or both.

If only one annoying or offensive call is received, it may be difficult to detect the caller. But if a person is persistent in making the calls, the telephone company may be able to trace them.

The law defines an obscene telephone call as one in which "obscene, lewd or immoral language is used with intent to offend."

Case Presented for Rapid Progress Toward Eliminating Air Pollution

(Comments to the Citizens' Tor Clean Air, meeting at Nidringhaus Methodist Church, Tuesday, March 12, by Dr. Robert Karsh of the Committee for Environmental Information.)

Principal victims of air pollution are always the very young and the elderly.

Synergism, where the physical capability to handle bad air. Elderly people with reduced heart and lung capabilities are our victims.

The goal of cleaner air is very difficult when everyone is willing to work for it. However, vested interests resist and drag their feet, achieving cleaner air in the face of increasing pollution and pollution is almost impossible.

Each adult takes in about two and a half pounds of food and a half pound of water each day. But his air intake is 30 pounds. He can reject spoiled food and bad water, but he is compelled to breathe whatever air is available where he lives.

The problem of air pollution is a simple one, since there is no single cause-and-effect relationship as in the case of many specific health problems.

Synergism, where two separate conditions combine to make a far more deadly new condition, is one of the most threatening aspects of the air pollution problem.

Research on mice shows that when their pollutants plus virus infections readily cause cancer in cancer resistant mice.

For humans, the risk is similar, twice as high for city dwellers as it is for rural residents. Studies have shown this to be true even for cigarette smokers.

These statistics have prompted cigarette companies to do research on the health hazards of air pollution to reduce the criticism being directed at cigarette smoking.

In England, 10% of the deaths are now due to bronchitis. In the United States, the death rate of lung cancer is increasing at a rapid rate. This is the loss of elasticity and efficiency in the lungs. One time, emphysema was considered only a disease suffered by tuba players.

Sulfur dioxide is considered as the primary indicator of the level of air pollution. Authorities consider this pollutant to be the principal agent in the London killer smog of 1952, in which 4000 lives were lost — mostly infants and elderly people.

The St. Louis area sometimes has sulfur dioxide levels exceeding the level measured in the London killer smog, but the same weather and other necessary conditions have never coincided with the high sulfur levels.

The air pollution disaster in London, Pa., hometown of Stan Musial, sent half the population to the hospital or family doctor for relief, and 22 persons were known to have died. Follow-up studies have shown that

fairness as such were dropped (perhaps as being included in "corruption"). Knowledge of law, judicial temperament, common sense, humanity, and vigor are the traits as an aggregate or composite would characterize the ideal judge. Attainable or not, the ideal is worth pursuing.

We are going to do better as magistrates and as judges. But new robes may help us say to other judges: give us leadership, guidance and support—and we will do our share of the

New robes may help us say to the bar: give us leadership, guidance and support—and we will do our share of the

offend. And the law says that the use of such language is "criminal faciousness" is one of complete silence — or the sound of heavy breathing — is in violation of Illinois law.

The penalty is a fine of up to \$300 or a jail term of up to six months or both.

It also is illegal to use the telephone as the instrument of a prank.

Thus, anyone who dials a number at random and annoys the person who answers a trick question, could be found guilty of disorderly conduct. Again, the fine may be as much as \$500.

To deal with obscene or nuisance calls, 37 states have laws similar to those of Illinois. One of the first such statutes was enacted by Texas in 1905.

A woman who lives alone should not advertise this fact by listing herself in the telephone directory under her first name, such as Mary L. Smith. Instead, she should use initials, as M. L. Smith.

An unlisted number is not the recommended solution, since the telephone calls a person might wish to receive could be missed.

Those who were made ill have shown a significantly higher death rate than would be statistically expected.

Evidence is clear that air pollution is growing steadily, and may seriously affect our climate in a few decades.

Ancient parchments, now located in museums, have been shown to suffer more deterioration in the last 20 years than in the last 20 centuries.

Statistics of the hazards of air pollution say that we must wait until there is definite proof as to what pollutant causes a specific health problem. This, however, is not the accepted medical approach.

Pasture did not know that it was a germ in dirty milk that caused tuberculosis or typhoid. This did not prevent him from developing the process of pasteurization to make milk safe to drink.

We do not need to know specific causes and effect to clean up our dirty air and reduce the health hazards to all of us, and particularly to infants and older people.

Scientists would like to experiment to find out exactly which different pollutants in the air are related to specific health problems. They should not be allowed to experiment with the mass population.

Their experiments should be done in the safety of a laboratory. In the meantime, we need to "purge" the air of pollutants. We cannot wait until we have acquired all pollution diseases.

Some of the resistance to establishing better laws for controlling air pollution comes from the fear of offending industry. However, Los Angeles is the healthiest city in the world, and it is the fastest growing area in the United States.

Los Angeles has a strict law, 20 major industries have located there, and many existing industries have expanded. Los Angeles is the only city with an added attraction to bringing in new industry and new residents.

Air pollution is estimated to add \$65 per year, per person, to the cost of living, not considering medical expenses. Most communities could have a good control program for about 50 cents per person annually.

However, the major sources of air pollution choose to avoid the expense of air pollution control equipment as long as possible, and prefer to let the rest of us continue to pay the hidden costs.

We are the only species on this planet that has the capability of sowing the seeds of destruction. The United States is leading the way to this kind of destruction. The pollution that goes with our industrialization, and all the rest of the world wants to follow in our prosperous footsteps.

The public must demand action before disasters strike. Give us these—and we will give you service.

New robes may help us say to court staffs, sheriffs and police, press and political parties: give us your views by all means, but please keep your comments constructive.

They may help us say to ourselves: let us conduct and elevate our own operations to make criticism neither necessary nor worthwhile.

New robes may help us say to other judges: give us leadership, guidance and support—and we will do our share of the

New robes may help us say to the public: give us your respect and cooperation—and we will try our best to deserve it.

Competition Stiff For Firms Hiring College Graduates

Competition for 1968 bachelor's degree candidates at the nation's colleges is running slightly ahead of last year's record high, although offers to doctoral candidates are down 18%, and those to master's degree candidates have slumped 31%.

These figures, based on a nationwide survey at 115 colleges and universities conducted by the College Placement Council, were cited today by Royce R. Bryant, director of Southern Illinois University's Placement Services.

Bryant attributed the drastic drop in job offers to advanced degree candidates to business and industry fears that many of these graduates would be drafted shortly after graduation, even though the survey was under way (January and February) before the recent selective service directive restricting draft deferments for graduate students.

Salary offers at all levels are up, however, he said, although the gains are not striking. Only four of the 12 bachelor's degree fields included in the survey show salary gains of six percent or more.

"The average offer to a bachelor's candidate with a technical major has gone up 5.4%, to \$759 a month since last season," he said. "In the non-technical area, the average offer to general business students is \$645, an increase of 5.2%, while the average for students majoring in humanities or social science is \$614, a gain of 4.2%."

At the master's degree level, the business major with a technical background is receiving an average offer of \$900, up 3.6% since last June, while the master's candidate in chemical engineering has moved to the top with an average of \$906, a gain of 5.6%.

"The master of business administration with a non-technical background continues to receive the most offers but the number reported this season is down 35%," he said.

"Only two doctoral fields are active enough to make the picture meaningful," Bryant said. "Since last June offers to chemical engineering doctoral candidates have gone up 4.3% to \$1226 and chemistry ones have gained 3.5% to \$1197."

10 SIU Student Teachers Serving In Schools Here

Ten Southern Illinois University students from the Southwestern campus are serving as student teachers in the elementary and secondary schools of the Granite City-Madison area. The 10 are all participants in the university's student teaching program.

Each quarter, the university's Education Division assigns students to positions in area schools as part of their academic requirement for a teaching certificate. Prof. Leslie J. Wehling is coordinator of the student teaching program, which carries full credit toward a degree from SIU.

Student teachers are required to take a minimum of 12 academic quarter hours of class work, but most prospective teachers are enrolled for the full 16 quarter hours of academic credit.

All student teachers must spend one quarter in full-day teaching to qualify for teaching certificates.

The expanded full-day-on-the-job policy promotes continuity for pupils and gives them the added advantage of more individual attention because they now have "two teachers for the price of one."

Leah B. DeLong

The supplementary teacher gets a closeup view of what teaching is really like — first

from observation and then by actually doing the job. Before the end of the quarter, the student teacher must be able to spend several days in complete charge of the assigned classroom.

Where possible, two or three student teachers are placed in one school, so that at the end of the day's classes they can discuss and compare their procedures and problems.

A university staff member, assigned to each student teacher, periodically visits the classroom to observe and evaluate his student's teaching ability.

SIU-SW campus students with assignments in the Granite City and Madison schools by name, subject or grade taught, school and location are:

J. Holly Bock, lower primary, Nameoki school; Donna C. Brzen, speech correction, Nameoki school; Cheryl K. Evans, middle intermediate, Nameoki school; Deborah S. Forshee, social studies, Madison junior high school; Phyllis Hayes, fifth grade, Frohardt school; Barbara A. Hazelwood, elementary education, Frohardt school; Mary A. Hodges, fifth grade, Dunbar school, Madison; Paul R. Kindie, upper intermediate, Lake school; Daniel Kostelick, world history, Madison senior high school; and Kathleen Lichick, upper primary, Parkview school.

Attend Conference on Disadvantaged Youths

Prof. Hyman Frankel, director of an Experiment in Higher Education being conducted by Southern Illinois University-Southwestern at East St. Louis, and members of his staff are in Washington this weekend for a conference on Higher Education for Disadvantaged Youth: Problems, Progress and Prospects.

The conference opened at 9 a.m. today with a welcoming address by Robert W. MacVicar, vice-president for academic affairs at SIU-SW. Co-sponsors are the university and the Office of Economic Opportunity.

Eastern Closes Fall Quarter Enrollment

Prospective first-year students whose applications were not on file by March 10 will not be considered for fall quarter enrollment, Eastern Illinois University announced today.

Students from the top 40% of their high school classes who have filed written applications, but who have not completed them, will be given a reasonable time to complete the applications, according to the announcement.

Students who qualify for teacher education scholarships and certain other scholarships and awards are exempt from the March 10 date and will be admitted until July 15. Also, students who enroll for the summer quarter may enroll for the fall quarter at Eastern if their summer quarter grades are satisfactory.

Page 28 Thurs., Mar. 14, 1968Teachers Offered at SIU
Institute to Develop

An institute to develop teacher competencies in both book and non-book equipment and materials necessary to enable them to direct college instructional media centers will be held at Southern Illinois University, Carbondale. It will be financed through a \$148,000 federal grant.

Announcement of funds to operate the project, an institute for training directors of instructional media centers for junior colleges and small senior colleges, was made by U.S. Rep. Kenneth J. Gray. The money, granted by the Department of Health, Education, and Welfare, will support an institute to be conducted by the department of instructional materials in the SIU college of education. Gordon K. Butta, associate professor of instructional materials, will be program director.

To be trained will be experienced teachers with master's degrees. Participants will be

given intensive courses during computer-assisted instruction academic year starting Sept. 15. The pre-institute period of the latest technology developments of responder systems, including video tape replays. The program will start later this month.

DeMolay Chapter to Observe National Week March 17-24

Granite City Chapter, Order of DeMolay, will join more than 280 other DeMolay chapters in an observance of International DeMolay Week March 17-24.

Local DeMolays will have a full schedule of events, including a Government Day on Wednesday, March 20, when DeMolays will fill city offices.

James Fitzpatrick, master counselor, son of Mr. and Mrs. Marvin Fitzpatrick, 2941 Wayne avenue, will be acting mayor. Other city officers elected by the DeMolays are Randy LeGate, acting comptroller; Keith Darnier, acting city treasurer; Steve Hileman, acting city clerk; Charles Hileman, acting fire chief; Richard Lowe, acting police chief.

Anniversary of Order

The annual DeMolay Week is to celebrate the anniversary of the order and is designed to acquaint the public throughout the free world with the purposes and activities of the organization. It was explained by Charles Meyer, chapter advisor. Theme for the week will be "Young Men on the Go!" And the events planned by the local chapter range from social to civic service projects.

Master Counselor Fitzpatrick said the 1968 theme was chosen because "it is indicative of the growth and activities of Granite City Chapter which serves the Madison, Mitchell, Pontoon Beach, Venice and Granite City area."

In 47th Year

"We are in our 47th year, having been chartered Aug. 15, 1921, to provide worthwhile activities for a young man. The Order builds character and leadership qualities as evidenced by the number of area leaders who were DeMolays when younger."

Next week's calendar of events includes a chess tournament to be held at 2 p.m. Sunday in the Masonic Temple, 20th street and Cleveland blvd. Next Monday evening, there will be basketball at the Lincoln Place Community Center and a Legion of Honor annual observance by Senior DeMolays of Granite City Chapter who are

members of The Egyptian Preceptory Legion of Honor and will attend a dinner at The Stoplight in East St. Louis.

Meeting on Tuesday

On Tuesday, March 19, a regular DeMolay meeting will be held at the Masonic Temple.

On Wednesday, March 20, the DeMolays will take over city offices for the day.

Next Thursday, March 21, the DeMolay Rifle Club will meet at the Granite City Army Depot.

On Friday, March 22, the chapter members will go to the Arena in St. Louis to see the Ice Capades. Transportation will be by chartered bus.

On Saturday, March 23, there will be bowling at Bowland lanes, and

Will Attend Church

On Sunday, March 24, DeMolays and their parents will attend the 10:40 a.m. services at Dewey Avenue Methodist Church, West 22nd street and Dewey avenue, to mark Founder's Day in honor of the late Frank S. Land, who founded the order in Kansas City, Mo., in 1919 with nine teenage youths.

Since that time, nearly 3,000,000 young men between 14 and 21 have become DeMolays.

Famous Senior DeMolays include the late Walt Disney, Olympic decathlon champion Bob Mathias and many Congressmen and governors.

The local chapter, which is sponsored by Granite City Chapter 221, Royal Arch Masons, is aided by an advisory council with Gilbert Watson and

George Slattery as co-chairmen.

Other members of the council are—John Bellico, Charles C. Chapman, Vernon Cluts, Claude Echols, Robert Ebrecht, Paul Friley, Carl Graham, Ray Henley, Roland Kennedy, Larverne Larson, John Michels, William J. Mehl, Mayor Partney, Howard L. Prewett, Fred Riddle, Dr. Amos Rode, William Schrieber, Harry C. Sharp, Luther Smith, Everett G. Steele, Joseph Timmons, Charles Voss, Roger L. Wade and Roy Williams.

Also aiding the DeMolays is the Mothers' Club founded by Mrs. Verna Stuart, wife of the late James "Uncle Jimmy" Stuart, chapter advisor from 1932 to 1965. The president of the Mothers' Club is Mrs. Hilda Few.

Two New Programs
Approved at Eastern

Two new programs for Eastern Illinois University have been approved by the Illinois Board of Higher Education.

One leads to a master of arts degree in political science and the other to a bachelor of science degree in recreation.

Dr. Lavern M. Hammond, dean, graduate school, said "the new degree will significantly add to a thoroughly sound and constantly expanding graduate program. The program will go into effect immediately."

AWNINGS—G. C. GLASS CO. 18th & EDISON, TR 7-6400

PROCLAMATION

WHEREAS, the ORDER OF DEMOLAY is a character building organization of young men fourteen to twenty-one years of age, who are seeking to prepare themselves as better leaders and citizens for tomorrow by developing those traits and strengths of character of all good men; and

WHEREAS, the organization carries out the aforementioned goals through programs of athletic competitions, social activities, civic and charitable service projects; and

WHEREAS, all the DeMolay members of Granite City Chapter will observe the period of March 17-24 as "International DeMolay Week" in celebration of their 47th Anniversary, so as to exemplify to all citizens here and elsewhere their many activities, and to show recognition to their millions of Senior DeMolays; now

THEREFORE, we proclaim March 17-24 as "International DeMolay Week and call upon all our citizens to join in saluting the young men of the Order of DeMolay and in expressing our grateful appreciation of the fine examples set by these young leaders in contributing to the welfare and character of other young men in the development and leadership of tomorrow.

GCHS Teams to Compete In SIU Math Field Day

Students of Granite City high will compete in a Math Field Day at Southern Illinois University, Carbondale, on April 27. Selected are three teams, representing each of the classes at the school. Members of the senior team are Leesa Freedman, Barbara Jackson, David Townzen and Richard Wenner. On the junior team are Sarah Barnett, Elaine Menke, Pat Schlinger and Cathy Siebert. The sophomore team is made up of Paul Doroghazi, Linda Fischer, Sally Jackson and Ron Matson. This will be the third year that Granite High has entered the contest. Last year, a junior team was entered and took first place in its class. The members were Wenner, Misses Freedman and Jackson and David Siebel.

'Hoss & The Lords' To Play at YMCA

The rock 'n roll band, Hoss & The Lords, will play at the Saturday night dance at the local YMCA Teen Town. "This is the first engagement for this group at the local Teen Town, but they were highly successful in their appearance at Collinsville Park, Castaways and Panarama," Charles Hasse, youth director, commented. The dance will be held from 8:30 to 11:30 p.m. with all high school students welcome, Hasse added.

Next School Year in GC to Begin Aug. 27, End May 29

Instruction will begin and end earlier and the 1968-69 school year will be slightly more compact than usual, the Granite City board of education decided Monday night. The two semesters will run from Tuesday, Aug. 27, to Friday, Jan. 17, and from Monday, Jan. 30, to Thursday, May 29, 1969. "Record days" in which teachers bring student records up-to-date were dropped between the semesters three years ago. Now, they are to be eliminated in the spring as well, also eliminating the traditional boat

excursion day, utilized primarily by junior high school students in recent years. The calendar establishes one institute day. If additional days are declared by the county superintendent of schools, there would be no problem, since enough days are included in the total calendar of 185 days to accommodate such faculty gatherings. New Teachers Report Early Plans: call for principals to confer on Aug. 21 and 22 and new teachers to assemble Aug. 23. Opening faculty sessions are

set for Monday, Aug. 26, with students reporting the following day. Holidays are to include Labor Day Sept. 2, Veterans Day Nov. 11 and Thanksgiving Nov. 28 and the day afterward, Nov. 29. Last day of school before the Christmas-New Year holidays will be Friday, Dec. 20. Classes will resume on Thursday, Jan. 2. Spring semester holidays are to be Lincoln's birthday Feb. 12 and Good Friday April 4, 1969. The Easter vacation customarily is expanded if winter weather has not forced frequent school closings. Grading has been divided into four periods instead of the six used in most past years. Grade periods are to end Nov. 1, Jan. 17, March 21 and May 29 in the 1968-69 school year.

Sp4 Oliver Rains Jr. Trains in Germany

Army Specialist Four Oliver J. Rains Jr., 20, whose parents live at 2402 Illinois avenue, will complete seven weeks of extensive field training March 29 with other members of the 4th Armored Division near Grafenwohr, Germany.

The exercise is designed to test the combat effectiveness of the division under realistic winter combat conditions. Training stresses the combined efforts of armor, infantry and artillery in attack, perimeter defense and live firing. Spec. Rains is a gunner in Company C, 2nd Battalion of the division's 54th Infantry near Bamberg, Germany.

Pays Half of Fines; 26 Days for Balance

Marlin Hutchinson, 19, of 72 Garesche Homes, Madison, was assessed fines and costs totaling \$215 Monday afternoon on his plea of guilty to four charges filed against him by Madison police who arrested him at 8:40 p.m. Friday. Police said they were called to his home to quell a disturbance.

According to police, Hutchinson became abusive and fought officers when they tried to arrest him. When arraigned Hutchinson was fined \$10 and \$5 costs for intoxication, \$50 and \$5 costs for disturbing the peace, \$100 and \$10 costs for resisting arrest and \$20 and \$5 costs for disorderly conduct.

Police said Hutchinson paid half the fines and costs and was sentenced to serve 26 days in jail for the balance.

Groundbreaking For Religious Bldg. Set at ISU

Groundbreaking ceremonies for a new \$300,000 religious center for students attending Illinois State University, Normal, will be Sunday at 2:30 p.m.

The groundbreaking will be at the site of the new building at 206 West Mulberry street, Normal, adjacent to the State campus. A reception will follow at the First Presbyterian Church.

The center is being built through funds raised by groups representing the United Lutheran Foundation, United Baptist Foundation, and United Campus Christian Foundation, which includes four religions, Presbyterian, Christian, Evangelical and Reformed, and Congregational. Two other groups will also use the center. They are the Wesley Foundation and Episcopal Campus Ministry.

All five have worked together in an organization known as the Ecumenical Campus Ministry. The building will be 110 by 110 feet, constructed of dark brick. It will include a coffee house, two seminar rooms, a small chapel, multi-purpose room, classroom, library, and offices. It will be open to the entire community.

Lee Long, a Bloomington businessman, is president of the Campus Religious Center organization. The structure will be built by the L. J. Salch Co.

The center will be the second to be constructed during the past year for ISU students. The Robert Bellarmine Newman Center for Roman Catholic students at 501 South Main, Normal, also adjacent to the campus, was completed this winter.

Girl Scout Tree Planting Ceremony Set in Madison

Several hundred of Girl Scouts will close this week's observance of Girl Scout Week with the annual tree planting ceremony for District Four to be held at 10 a.m. Saturday at the Madison Memorial recreation center, Seventh street and Lee avenue.

The one-hour program will be under the supervision of Mrs. Mae Hendrickson, general chairman, and Neighborhood One scouts will preside at the ceremony.

Junior Troop 46 of St. Mary's school will conduct the opening flag ceremony, which is to be followed by song by Cadette

Troop 144 and all Brownies present.

Among special guests will be Madison Mayor Stephen A. Maeras; Jerry Zahm, who is in charge of the memorial center, and Avery Schermer of Schermer Bros. Market, who donated the tree.

All Girl Scouts and leaders will participate in the closing ceremony with the singing of taps.

In addition to the tree ceremony, Girl Scout Week handicraft exhibits are on display at the following locations: Baum's Market, Banks General store, Nelson Cafe and Gar-

Break-In Attempt

An attempted break-in Monday night at the home of Mr. and Mrs. Eugene Harper, 1232 Meridian street, was reported to police about midnight. The Harpers said they left the house about 5:45 p.m. and upon their return at 11:45 noticed that the basement door had been pried open and the basement entered. The intruder was unable to get upstairs, and it was not determined if anything was taken from the basement.

SIU-SW National Conference For Detention Home Staffs

Southern Illinois University-Southwestern campus Center for the Study of Crime, Delinquency and Corrections is conducting a national conference for detention home supervisors at Pere Marquette State Park this week.

The conference is financed by a grant from the Office of Juvenile Delinquency and Youth Development, part of the Department of Health, Education and Welfare. Staff members from the SIU-SW Center and the Children's Bureau are the speakers and are providing consultation service.

The conference, first of its

kind in the nation, is designed to provide juvenile detention center personnel with an opportunity to evaluate the role of detention in the light of court decisions dealing with handling of juveniles.

SIU-SW staff members participating in the conference include Charles V. Matthews, director of the center; Martin Shawlin, staff assistant; and John Rawlin, center lecturer. Matthews will moderate sessions of the conference. Shawlin, an attorney and diplomat in criminology, will talk on treatment, rehabilitation and punishment. Rawlin will speak on drug abuse among juveniles.

Licenses of 5 Local Drivers Suspended

Secretary of State Paul Powell has announced the following actions by the Drivers License Division of his office affecting Quad-Cityans:

Suspensions—Joe D. Bailey, 2161 Bern avenue, for driving while intoxicated; and, for three traffic violations each, Daniel R. Hill, 4055 Lake drive, Dempsey Johnson Jr., 415 Weaver street, Venice, Larry D. Naeve, 3129 Ash avenue, and Gary S. Reece, 1357 Edwardsville road, Madison.

Probationary permits issued—Dennis E. Baker, 2428 St. Clair avenue, Dempsey Johnson Jr., 415 Weaver street, Venice, Leo F. Kamadulski, 2701 Swan drive, and Walter A. Norton, 4120 Pontoon road.

Quad-City Assessments Up \$12 Millions

Local assessors in three of the four Quad-City area townships had raised local property valuations for the 1967 year by \$4,880,040 before the Madison county Board of Review added another \$7.3 millions in its effort to avoid application of an increased state multiplier in new tax extensions, a study of the review body's final assessment figures revealed today.

As a result, property valuations of taxpayers in the three townships—Granite City, Nameoki and Chouteau—have been increased a total of \$12,200,305 over the final Board of Review assessments of 1966.

Assessments of Venice township, on the other hand, were cut by the local assessor \$1,240,250 below the 1966 final figure and then reduced another

\$67,130 by the Board of Review for a total cut of \$1,407,380. For all four townships of the Quad-City area, including Venice, property valuations for 1967 as finally determined by the review board amount to \$287,858,750, up \$10,896,125 over the final 1966 review board valuations of \$276,962,625. The net increase for the entire four-township area is reduced from the \$12-million increase in Granite City, Nameoki and Chouteau to the \$10.8 million figure because of the \$1.4 million reduction in Venice township.

County Up \$36 Million
The same situation applies on a county-wide basis, the study shows. Final Board of Review figures for 1967 set the total Madison county valuation at \$910,759,065, an increase of \$15,

126,445 over the valuation of \$864,633,620 determined by local assessors in the county's 24 townships.

Figures further show, however, that before the review board ordered increases in the assessments made locally, the township assessors already had raised their total 1967 valuations \$21,428,645 over the final 1966 county assessment of \$874,203,765.

Madison county, therefore, received an overall assessment increase of \$36,555,290 for the 1967 year. The increase in the Quad-City area consequently represents almost one-third of the total increase for all of Madison county.

The increase of more than \$15 millions followed by the Board of Review ordered notices to the Illinois State Revenue Department that the county's multiplier would be increased from 1.6, which has been in effect for the past four years, unless valuations were upgraded to a ratio of 50% of full cash value by all townships. The state told the review board a total valuation of \$923 millions would be necessary to meet this requirement.

Ordered General Increases
As a result the review board ordered percentage increases in various categories of property valuations in nine unassessed townships, which included Granite City and Nameoki townships.

In Granite City township the net increase in assessments is \$6,640,630. Figures show that the 1967 valuation on all classes of property was fixed by the local assessor at \$161,342,640 which was an increase of \$1,006,985 over the final 1966 assessment of \$160,335,655. The Board of Review, however, increased the valuation by another \$5,633,645 for a total Granite City assessment of \$166,976,285.

Nameoki township's 1966 assessment of \$30,202,620 was upgraded by the local assessor to \$31,144,800, but was increased again by the review board to a final total of \$32,691,106, a net rise of \$2,398,450 over the 1966 value.

The 1966 assessment of Chouteau township, fixed at \$22,527,030, was increased locally to \$25,587,935. The Board of Review added another \$153,320 in personal property; \$15,174,240 in lands; \$13,527,735 in lots; and a decrease of \$42,300 in railroad property which is assessed locally.

Miss Eulalia Hotz, Madison county clerk, said that the total county valuation for 1967 reflects increases of \$6,895,615 in personal property; \$15,174,240 in lands; \$13,527,735 in lots; and a decrease of \$42,300 in railroad property which is assessed locally.

Miss Hotz said the decrease in railroad valuations is due to the sale of land by the railroads to individuals. She said work will begin on extension of 1967 taxes, due for collection this year, as soon as her office receives notice of the multiplying factor from the state department of revenue.

'Space-Matter-Time' Jr. High Science Course

Two classes of Central junior high school science students will take part in a pilot program during the 1968-69 school year with a goal of more direct involvement. They will "learn by doing" to a greater extent than in the past, with less emphasis on reading.

Eighth graders in the pilot project will be taught by Mrs. A. J. (Patricia) Munter Jr., who has studied the approach that has been successfully tested in certain other U. S. schools in recent years.

"A primary outcome of curriculum study in science here during the current year has been concern for a lack of active involvement of students in science activities at many levels," Supt. Bob J. Davis told the school board Monday night. "Restriction to textbooks is never sound, and it is particularly damaging to low achievers."

The program, "Time, Space and Matter," provides each student with a kit of laboratory materials which he uses to observe, organize data, experiment, draw conclusions and interpret findings.

The course is teacher-structured for planning the objectives of individual students in a sequential fashion. Sequence of experiences, however, is determined by the student himself without limitation to textbook material.

Of the \$739 cost for 70 pupils, \$252 will be paid through the National Defense Education Act. Since the initial cost provides for both the student laboratory kits and materials, the cost for succeeding years would be only \$35 to replenish expendable materials.

MODERN MUSIC MASTERS of Venice high school, a newly-formed student music group, has chosen these officers. Seated, left to right, are Patricia Sifton, historian, Mary Mulnik, secretary, and Joan Pickens, treasurer. Standing, left to right, are Kenneth Patterson, vice-president, and Robert Young, president.

Form VHS Music Club; Band Contest Saturday

The Modern Music Masters Society has been newly formed at Venice high school and has chosen its initial officers.

They are Robert Young, president, Kenneth Patterson,

vice-president, Mary Mulnik, secretary, Patricia Sifton, historian, and Joan Pickens, treasurer.

Primary purpose of the society is to foster greater and continued interest in solo, ensemble, band, orchestra and choral performance; encourage better and more discriminating habits in listening to and performing musical literature; and provide wider and more frequent opportunities for personal musical expression in schools, churches, civic organizations and social service clubs of the Venice community.

On Saturday, following Venice high band students will attend the 1968 solo and ensemble contest in Carbondale; percussion ensemble, William Young, Harold Gonterman, Harry Long, Fred Ballentine, David Scaturro and Tony Ochoa; Betty Townsend, French horn solo; Ronald Townsend, tenor saxophone solo; Harry Long, baritone horn solo; Terry Sumpter, cornet solo; and Deborah Fichte, trombone solo.

Leadership Party Committees Named

Committees for the senior leadership class is to be given next week by the junior class, and committees have been named for the annual party at Granite City high school.

Serving on the decorations committee are Mary McCarty, Sara Merkelbach, Janice O'Beir, Evelyn Howard and Barb Mih; and those in charge of games are Lynn Jacobsmeier, Linda Weston, LaVern Prill, Barb Azari and Phyllis Stolz.

Issuing invitations will be Rhonda Miller, Cheri Fuchs, Lois King and Kathy Kula. On the food committee are Debbie Portell, Pam Kessler, Pam Thorne, Linda Singer and Ruth Noeth.

Local Winners Announced in District Musicians Contest Held at Granite City High School

A total of eight superior firsts, 147 first place and 88 second place awards was accumulated Saturday by Quad-City elementary and junior high school students, who participated in the annual District 5A "Solo and Ensemble Music Contest" at Granite City high school.

More than 1200 youthful musicians assembled for the contest were judged by a panel of music experts selected from a wide area of south-central Illinois and Missouri. Winners were presented gold and silver medals and ribbons.

Those awarded superior, first and second ratings in the first and second divisions were not eligible to compete in the "State Solo and Ensemble Contest," to be held at Mattoon in late spring.

Instrumental music students from Prather, Nameoki, McKinley, Central and Madison division bands and vocal music

pupils from Coolidge junior high school were among those entered in the district meet.

Proficiency ratings were achieved through competition in categories ranging from Division I for more experienced youngsters to Class E for younger and less skillful participants.

Local Groups Entered
Local band instructors with groups entered, included Miss Elsie Mayhew, with students from Prather junior high school and Logan elementary schools, who achieved six superior ratings, 44 firsts and 17 seconds.

Miss Jane Hilleman, whose Coolidge junior high school vocal students collected two superiors, four firsts and four second place ratings.
William Ledbetter, director of Madison elementary and junior high band, which tallied 16 first place and six second place ratings.

Miss Vivian Raffaele, Central junior high school division, including students from Webster, Mitchell and Emerson schools, whose group received 29 firsts and 26 second place ratings.

Sterling Schoen, McKinley division instructor, with pupils from Lake, Wilson, Washington, Marshall, Stallings and McKinley schools, who tallied 31 firsts and seven seconds.

Miss Carole James, Nameoki band director, whose pupils representing Frohardt, Niedringhaus, Maryville, Parkview and Nameoki grade schools accumulated 26 first place ratings and eight second place. Saturday's district contest here also attracted soloists ensembles, vocalists and choral groups from public and parochial schools in Alton, Wood River, Collinsville, East Alton, Roxana, Mulberry Grove, Sorrento and Pocahtontas, Ill.

Conducted by Meek
Louis E. Meek, music supervisor at Granite City high school, coordinated the day-long event. Members of the GCHS Band Parents Association gave invaluable assistance by providing lunches for

could be purchased by children and adults.

Serving as judges, were former Granite City Robert Key from Eastern Illinois University, Charleston; Joseph Owens, GCHS assistant band director; Alfred Hicks of St. Louis, a former member of the St. Louis Symphony Orchestra; Richard Barron, band director from Rushville, Ill.; high school; Leroy Fritz and Harvey Voltersten, music education supervisors in the Alton school system; Gene McCormick, Wood River; W. W. Dunn, band director, Harrisburg, Ill.; Mrs. Robert Key, Charleston, who judged piano and vocal contestants; Neal Strebel, band director, Harrisburg, Ill.; and Ernest Opp, band director from the Bethesda public school system.

Also taking place at Signal Hill, near Belleville, at the same time Saturday, was an elimination contest for students in District 5, who will join the local winners at the state meet in Mattoon.

Madison Winners
First division ensembles, which included soloists: Debbie Barham, oboe; Cynthia Madden, clarinet; Paula Plantitz, alto clarinet; Sharon McBride, bassoon; Verna A. Glasper, baritone saxophone; Hal Salmon and Bill Fox, cornet; Jim Shrader, trombone; Steve Sabo and Charles Fernandez, baritone; Randy Gravelle and Jon Thomason, sousaphone; and Bonnie Willmirth, snare drum.

A 14-word Press-Record Want Ad

SHOP IN A STAIRWELL attracted much attention as many of 1200 school musicians who participated in the District 5A Music Contest at Granite City high school stopped to buy a souvenir. The "shops" were in several areas of the high school building and in the cafeteria, staffed by band students and the Band Parents Association.

BEFORE

BEAUTIFY AMERICA—GET A HAIRCUT is the slogan on the wall behind Barber Ron Joyce at the Belmore Barber Shop and the advice was heeded by Dennis Kilmer, son of Mr. and Mrs. Elbert Kilmer, 2815 Buxton avenue. A Granite City high school graduate who is entering the Navy March 25, he let his hair grow for 17 months while playing the guitar in the Mosburg Shotgun musical

AFTER

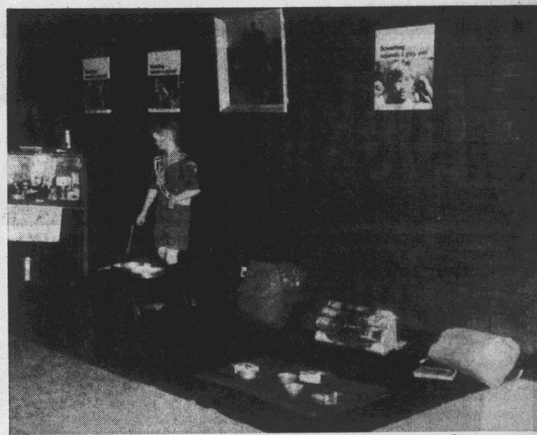

group. About 50 friends were attracted to the shearing, including Mike "Sonny" Harris, another "longhair," standing at the left in the "before" picture. The result was regarded as a vindication of those who contend that short hair is more becoming, but Kilmer was not fully convinced; he saved the shorn locks in a bag as a memento of the occasion.

High School Art Winners Named In SIU-SW Fete

Winners in the area high school art competition sponsored by Southern Illinois University-Southwestern campus Fine Arts Division were announced this week at a reception held in the lobby of the Communications Building. Selections from approximately 200 entries will be on exhibit there through March 31.

Winner in the three dimensional category was Grant Metzler of Belleville Township high school East for this terra-cotta sculpture, "Bull." Honorable mention in this division went to David Short of Alton high school for his ceramic piece, "Pebbled Pot," and to Tom Evers of McCluer high school for a piece of jewelry, a brass ring.

Taking top honors in painting was Joey Freund of Alton high for an untitled mixed media. Receiving honorable mention were Patricia Finot of Brentwood high school for her still life, mixed media, and Irene Pollard, Belleville Township high school West, for her "Scribbles," mixed media. Winning first place in the area of printing and drawing was Vera Sansone of Laboure high school for her serigraph, "Retirement." Honorable mention was given Sharon Cushing of Rosati Kain high school for her drawing, "Plants and Figure," and to Peter Sullivan of Webster Groves high school for his serigraph, "Untitled Figure."

CAMPING SEASON at Camp Sunnen in Missouri is approaching, as attested to by this display at the First Granite City National Bank. Arranged by Fred Hacke, camping chairman, and John Pekarik, activities chairman of the Uniwah (Quad-City) Boy Scout district, the exhibit includes a simulated campfire, patrol dining and cooking gear, bedding, tents, first-aid supplies, the scout uniform and handbook, a Norman Rockwell painting of scouts, and posters illustrating the current national theme, "Scouting Rounds a Guy Out." Adult leaders are being trained during March and orientation of senior patrol leaders for summer camp will start April 29, with the season opening in June.

Francis, a former aid and campaign manager of former U. S. Senator Paul Douglas said he will conduct a vigorous campaign. He said his schedule of the past month has included three to four talks each night and door-to-door campaigning.

Commenting on the ballot position controversy raised by another candidate, Francis said it probably would be more fair if names were rotated on the ballot so that all candidates names appeared first on the same number of ballots in a precinct. "However, by giving the voters a chance to know me," Francis said, "ballot position isn't going to be that important anyway."

The 55th Representative District includes Granite City, Nameoki, Chouteau, Venice, Alton, Wood River and Collinsville townships.

Clergy Covered by Social Security Law

By RALPH BRASHER
of the
Social Security Office

Income received from the ministry will automatically be covered by social security under the new Social Security Amendments.

Until the 1967 change in the law, a member of the clergy could be covered under social security under an individual, voluntary arrangement; if he wished social security protection he signed a form stating that he wished his income from the ministry to be covered. He then paid a portion of his salary.

As of Jan. 1, 1968, however, income from the ministry will be covered automatically on the same basis as that for other wage earners and self-employed persons, unless the clergyman has objections based on conscience or religious principle.

As under the old law, a clergyman covered by this provision reports his income and makes his tax contributions as

if he were self-employed, even though he may be working as an employee. He will pay his first social security taxes on income from 1968.

The new provisions do not apply to those clergymen who elected coverage under the old law. They will continue to be covered. If a clergyman who had not already chosen to come under social security before 1968 does not wish social security coverage he must file an application for an exemption and a statement that he is opposed to receiving social security benefits or other public insurance based on services as a clergyman, by reason of conscience or religious principle.

The application must be filed with the Internal Revenue Service by April 15, 1970, unless he enters the ministry in 1969 or later; in that case he will have until April 15 of the second year after the year in which he became a clergyman to request exemption.

The new provision does not affect members of religious orders who have taken a vow

of poverty. As before, they are not covered by social security. For further information about social security for clergymen, ask at your Social Security Office for leaflet SSI-9.

Local Sailor Assigned Shore Duty at Da Nang

Seaman Glen Dean Ethington, 29, arrived in Vietnam on Feb. 29, and has been assigned to shore duty at Camp Kien Sha, Da Nang, according to word received this week by his parents, Mr. and Mrs. Richard Ethington, 2037 Bryan avenue.

Prior to his current assignment, the local sailor was stationed aboard the USS Princeton. He is expected to remain in Vietnam about 13 months.

In a recent letter home, Seaman Ethington noted that his base camp, in the heart of downtown Da Nang, appeared to be "pretty secure. Although bombings, shellfire and other combat activities are taking place all around us," he commented.

The serviceman said his present duty requires him to unload supplies and equipment, including bombs. Da Nang is one of the primary supply bases in Vietnam for all U. S. Forces, including U. S. Naval support activities. The sailor attended Granite City high school and was employed for several months at American Steel Industries before enlisting in the Navy in November 1966.

Friends may write to him, at: Seaman Glen Dean Ethington, B 516343, Box 78A, U. S. Naval Support Activity, Fleet Post Office San Francisco, Calif. 96395.

Pre-Natal Clinic At Hospital Will Start April 16th

The first prenatal session of 1968 was completed last week at St. Elizabeth Hospital. Of the five classes, 23 mothers-to-be attended three, and 16 mothers-to-be attended all classes. The husbands of the mothers also participated in the training for parenthood, according to Sister M. Jerome, class leader.

The spring session will begin Tuesday, April 16, at 7:30 p.m. in the T-100 meeting room (basement) 21st street and Madison avenue.

Several people from the local hospital will be available for questions at the next session as they were for the last one. Mrs. Alberta Rongey, RN, Mrs. Violet Fischer, RN, and Mrs. Shirley Bushue, LPN, will be there from the Obstetrical department. Miss Mary Ann Schuchman, dietitian, will answer questions about diets.

New Orleans Selected For GCHS Annual Tour

The annual spring concert tour of the Granite City high school band to New Orleans, La., will take place Monday, April 29 through Friday, May 3. It was announced this week by Louis E. Meek, music supervisor.

Preliminary plans for the annual trip were discussed by the band director Tuesday evening during a meeting of the Granite City Band Parents Association, in the band room annex.

Meek also announced that a selected group of local high school musicians will participate March 29 in the Madison County Music Festival, to be held this year in Collinsville.

He said band members also will perform at a public concert, scheduled for 8 p.m. Thursday, April 4, in the GCHS auditorium. Tickets to the latter event may be purchased at the door the evening of the concert, Meek added.

Earl McMillan, association president, and the band director, expressed appreciation to members for their assistance at last Saturday's "District Solo and Ensemble Contest," in which more than 1400 persons were served sandwiches and other food items by the parents' organization.

Mr. and Mrs. Charles Landis were hosts for a social hour following the business meeting.

Deadline One Month Away To File Income Tax Return

A reminder that the deadline, April 15, is fast approaching for taxpayers who have not as yet filed their federal income tax returns was issued today by Jay G. Philpott, district director of Internal Revenue for central and southern Illinois.

Income tax returns for 1967 must be filed before midnight, April 15, or, if mailed, postmarked prior to the midnight deadline.

If filed by mail, all returns showing payment due should be addressed to the District Director of Internal Revenue, Springfield, Ill. 62704.

Returns showing an overpayment of tax, whether it is to be credited to 1968 estimated tax, applied to U. S. savings bonds or refunded, should be mailed directly to the Internal Revenue Service Center, Kansas City, Mo. 64170.

Filing Requirements

A return is required from every person who had a gross income of \$600 or more during the year, except that persons 65 or older are not required to file unless their gross income was \$1200 or more.

Self-employed persons must file a return if their self-employment income was \$400 or more, even though gross income was less than \$600.

GC Tax Office Hours

Philpott said that assistance will be available to Quad-City area residents March 18 and 25 and April 1, 8, 12 and 15 from 9 a.m. to noon and from 1 to 4 p.m. The IRS office is located in the city hall of Granite City. When visiting for assistance, taxpayers are urged to have all pertinent records available.

Philpott again reminded those who have not yet filed to carefully check their returns prior to mailing.

Recent figures released for this filing period show that so far the principal reasons for erroneous or incomplete returns are: use of wrong tax table, line or column; mathematical errors; missing documents (Forms W-2, statements or schedules); missing signature; and omitted or erroneous social security number.

**CHRISTENING DINNER
FOR JEFFREY ASHLEY**

Jeffrey Lawrence Ashley, infant son of Mr. and Mrs. Lawrence Ashley of Danville, Ill., former local residents, was baptized during ceremonies Sunday at Holy Communion Episcopal Church, St. Louis.

Mrs. Charles Hamilton and Raymond Schindewolf served as sponsors for the child.

A buffet dinner was served by Mrs. Chester Ashley in her home, 1737 Third street, Madison, to Mr. and Mrs. Jim Ashley and son, Wade, Mr. and Mrs. Ed Ashley and daughter, Christine, Mr. and Mrs. Charles Hamilton, Mrs. Gussie Cheatham, Mrs. Orville Sinclair and children, Mike and Nancy, Mr. and Mrs. Walter Ramsey and sons, Charles and George, and Mr. and Mrs. Raymond Schindewolf and children, Allan, Mark and Tina.

Form Explained

Two income tax returns—Form 1040A and Form 1040—are provided for the filing of federal individual income tax returns.

Taxpayers whose income was less than \$10,000—and consisted entirely of wages subject to withholding tax and not more than \$200 total of dividends, interest and other wages—may use the card form, Form 1040A.

A husband and wife may file a joint return on Form 1040A.

if their combined incomes do not exceed the limits stated above.

On the other hand, Philpott said, the long form, Form 1040, may be filed by any U. S. citizen or resident, regardless of the source or amount of his income.

Itemizing of Deductions

Form 1040 must be used to use when filing their income tax returns.

He reiterated that if taxpayers are expecting a refund, they should file their returns, whether on Form 1040A or Form 1040, directly with the Internal Revenue Service Center, Kansas City, Mo. 64170.

moving or other expenses; (7) claim exemptions for dependents based on multiple support agreements; (8) pay self-employment tax; or (9) claim credit for taxes paid on gasoline and lubricating oil not used on highways.

Philpott urged that taxpayers read the instructions carefully before deciding which form to use when filing their income tax returns.

Guest Day March 30 At SIU, Carbondale

"Mission: Possible" has been selected as the theme for the annual Home Economics Guest Day at Southern Illinois University's Carbondale campus, scheduled for Saturday, March 30.

"High school and junior college students who attend are being invited to 'go on a mission' to discover the many possible career opportunities in home economics," Phyllis Bubnas, assistant dean of the School of Home Economics and Guest Day general chairman, explained.

Each of the four departments of the school will set up headquarters in a different campus

If you want to find development sites on terra firma, see your Realtor.

You don't have to go flying to get a bird's-eye view of available development land. Just see a Realtor. Put his experience and knowledge to work for you. He knows the ins and outs of real estate. There are Realtors who are expert in handling farm or undeveloped land suitable for industrial, housing, recreational or other uses.

A Realtor is a professional in real estate who subscribes to a strict Code of Ethics as a member of the local board and of the National Association of Real Estate Boards.

So, if you want land for development, see your Realtor. Look for this seal, which only a Realtor may display.

Farm Column

By Warren W. Bundy
Madison County Farm Adviser

Seed Selection Important

While some Madison county farmers are still completing the harvest of their 1967 crop, most have turned their attention to 1968. A very important part of the crop production planning is the variety selection. Too many Madison county farmers limit their production potential, even before the crop is planted, by their selection of seed.

Top yielding corn and soybean varieties require no more time to plant, fertilize, cultivate and harvest than do mediocre varieties. That cheap seed in the spring may turn out to be an expensive investment at harvest time.

To help farmers select commercial corn hybrids, the University of Illinois publishes a circular entitled Commercial Corn Hybrids in Illinois. This circular lists test results conducted by the University over the past three years. It is available from the Madison county extension office free of charge.

10 Top Herds

The ten highest producing herds in the Madison County Dairy Herd Improvement Association in January were owned by Waldo Keilbach, Wilbert Weis, Henry Zoelzer, Geo. J. Duber, Vernon Warnecke, Leiland Steiner, Sam Dorsey, Marvin Stille, Wilbur Federer and Eugene Meffert.

The highest producing herd for the month was owned by Waldo Keilbach. This herd consisted of 36 cows. The average production was 1.74 pounds butterfat and 41.6 pounds milk per day with an average lactation test of 4.2 percent.

Completing the 365 days lactation with a record of 600 pounds fat or more was a 4 year old with 16,255 lbs. milk and 674 lbs. fat in the herd of Martin Lindebrocker; a 3 year old in the herd of Norman Hecker with 17,484 lbs. milk and 631 lbs. fat; in the herd of Willard Blase an 11 year old with 16,484 lbs. milk and 607 lbs. fat; a 6 year old in the herd of Joe and Edwin Fessler with 17,946 lbs. milk and 696 lbs. fat; a 5 year old in the herd of Vernon Becker with 18,541 lbs. milk and 721 lbs. fat and in the herd of Vernon Warnecke a 5 year old with 19,037 lbs. milk and 692 lbs. fat.

Terry Keeton Concludes 14 Months Korean Duty

Terry D. Keeton, 20, son of Mr. and Mrs. Riley Keeton, 2611 West 22nd street, recently arrived home from Korea where he spent the past 14 months on duty with the U. S. Army. During his overseas assignment, he was promoted to the rank of sergeant.

The local soldier, who entered the service on Aug. 2, 1966, was graduated the previous year from Granite City high school. Following a 30-day leave, he will report to Fort Campbell, Ky.

The Keeton's older son, Jesse L. Keeton, 30, U. S. Army, presently on active duty in Vietnam, received a promotion to captain since his arrival there on Nov. 20.

Also a graduate of the local high school, Capt. Keeton is the father of three children, Keith, eight, Jesse L., six and Betty Ann, five years, who reside in Granite City with the serviceman's immediate family.

\$600 Blaze at Home

A fire in the home of William Barton, 2909 Willow avenue, caused \$700 damage, including a \$600 loss to contents, about 6:30 p.m. Monday. Firemen said the blaze in the frame house apparently was caused by a youngster playing with matches.

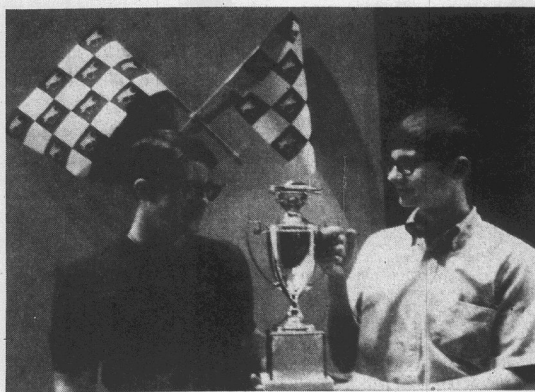

Seaman Harold Smith Is Great Lakes Grad

Seaman Apprentice Harold E. Smith, USN, 19, son of Mrs. Margaret E. Assemeier of 33 Garechue Homes, Madison, and the husband of the former Miss Vickie Thompson of 1025 Fifth street, Madison, has been graduated from nine weeks of Navy basic training at the Naval Training Center at Great Lakes.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station. In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

Collide in Madison

A collision between cars driven by Artie Phelps, Caseyville, and Harold Cavins, 3315 Wabash avenue, at Madison and Sixth street at 7:30 a.m. Tuesday resulted in damage to both autos, according to a report by Madison police. The Phelps car was damaged on the left side and Cavins car in the front and right side. Phelps was driving east on Sixth street and Cavins was headed south on Madison avenue when the mishap occurred.

AUTO RALLY TROPHY to be presented to winning team in the Cahokia Mound Boy Scout Council safe-driving road rally in which Explorers will participate Saturday. Granite City Explorers Bill and Jim Anderson are shown admiring the traveling award.

Rotary Sees Film On Sales, Marketing

Despite the absence of the guest speaker Tuesday due to highway travel conditions between Moberly, Mo., and the Quad-Cities, Granite City Rotarians still were able to view part of the scheduled program at their luncheon meeting in the YMCA.

Bill Hillier, district manager for the Reader's Digest sales marketing division, was unable to address the club. However, a film, entitled "Behind Closed Doors," which was to illustrate his topic was shown Rotarians by Al Barnes III.

The movie dealt with the movement of food products from the fields to the supermarket counters. One segment described the new practice of ripening entire tomato crops at the same time and harvesting the crop, utilizing methods and machinery similar to those used to harvest wheat.

Other portions of the film illustrated processing and packaging items in a variety of containers and new methods of ensuring freshness and saleability.

Arthur R. Koerper, Rotary president, announced that members of the Granite City Interact Club have invited Rotarians to join them for a tour of the St. Louis assembly plant of Ford Motor Co. The event will take place Monday, March 25, with those making the trip to leave at 7 p.m. from the Nameoki Village shopping center parking area.

New Interact Club officers will be installed at the regular noon meeting of the Rotary club on June 4. It was reported. Recently elected to head the youth group for 1968-69 were Jim Snelson, president; John Tyler, vice-president; Nelson Hediger, secretary; and Jack Greve, treasurer.

Sister of GC Resident Dies at Alton Home

Mrs. Ruth Jackson, 55, of Alton, who died Sunday at Villa Terrace Nursing Home, Alton, is survived by a sister, Mrs. Horace Taylor of Granite City. Funeral services were held Wednesday at Alton and burial took place at Upper Alton Cemetery.

Kindergarten Registration, 6 Immunizations Announced

State law now requires that a child receive six immunizations before he can enter school, the Granite City school district has noted in announcing kindergarten registration April 22-25.

A health examination must be obtained before a new pupil begins the fall term, and he is also required to have immunization against measles, smallpox, tetanus, diphtheria, poliomyelitis and whooping cough.

To be eligible for registration, children must be five years of age on or before Dec. 31, 1968. A birth certificate must be presented at the time of registration.

Kindergarten pupils is scheduled as follows:

Monday, April 22—Nameoki, Niedringhaus, Webster and Maryville grade schools.
Tuesday, April 23—Logan, Marshall, Mitchell and Lake grade schools.
Wednesday, April 24—McKinley, Stallings and Washington grade schools.
Thursday, April 25—Frohhardt, Parkview, Wilson and Emerson grade schools.

Dr. Ronald Spalding Released from Army

Dr. Donald Spalding, formerly of Granite City, now living in St. Louis county with his wife and three children, was recently discharged from the Army after two years service. He was a 1952 graduate of the local high school, and the son of Mrs. Francis Daniels and the late Donald E. Spalding.

He is specializing in cancer and isotopes treatment and is associated with Dr. W. M. Trotter and Dr. G. Maher of St. Louis. During his tour of duty with the Army he treated patients in this field moving from one base to another.

Jr. High St. Pat's Dance Planned at 'Y'

YMCA Youth Director, Charles Hasse announced today that a Junior High Dance is scheduled for Friday, and anyone in the seventh, eighth and ninth grades is welcome to attend. The dance will be held in the YMCA Teen Town from 7:30 to 10:30 p.m., and the admission is 50 cents for "Y" members and 75 cents for non-members. "Stiply Us" will be the live band providing the entertainment, and dance music.

Hasse also said that if the dances continue to draw crowds as they have in the past, Junior High dances will continue to be scheduled periodically.

Any junior high student wishing to join or form Hi-Y or Tri-Hi-Y clubs may do so by contacting the Youth Department Office at 876-7200.
